DRAGNET OUT FOR ALLEGED ILLEGAL BOOZE DEALERS HERE

Entire Police Department is Called Out for Raids Today.

TEN PLACES SUSPECTED

Evidence Said to Have Been Obtained Against Five Establishments.

Working on evidence collected by federal agents within the last few weeks, East Liverpool police, aided by five U. S. prohibition officers Thursday afternoon threw out the dragnet for ten alleged "bootlegging joints" where "raisin jack" and other "hard" liquors are said to be sold.

Evidence has already been collected against at least five of the suspected places, while the other establishments will be searched by the raiding party. Practically the entire police department, headed by Chief of Police Hugh McDermott, figured in the search. The federal officers were detailed here from Youngstown to aid in the roundup.

H. S. Dyer, of Youngstown, head of the federal forces, stated Thursday that two of his men had been in the city more than a week gathering evidence for the raid. Five establishments masquerading as soft drink emporiums sold his men "raisin jack," the federal agent declared. At least five other places are within the police dragnet.

Shortly before 2 o'clock a call was issued for all city patrolmen to report at the City Hall. Federal Agent Dyer also marshaled his band and the combined force made the start about 2:30 o'clock. Included in the raiding party were Chief Hugh McDermott, Captain George Toland, Patrolmen William Lister, James Haley, C. D. Hissam, Norman McFarland, William Davis and Daniel Harkness. The federal officers were Agent Dyer, C. F. Baker, Dan T. Kuts, C. G. Burgess and H. A. Johnson.

Five well known soft drink establishments, formerly operated as saloons during the wet regime, will be "pulled" in the raid, police said. "Raisin jack" sold by bartenders in these establishments are in the possession of the federal agents awaiting the outcome of the roundup.

The offenders will be tried under the city prohibition enforcement ordinance and will be arraigned before Mayor J. S. Wilson. Affidavits pressing the charges against the five former saloons are already filed out at city hall awaiting the return of the raiding party. Blank affidavits for at least half a dozen other offenders will also be served this afternoon, police said.

GONZALES HEADS 900 REBELS IN ATTACK

SAN ANTONIO, Tex., July 15.—Ricardo Gonzales, at the head of a force of more than 900 rebels, began an attack on Nuevo Laredo, opposite Laredo, Tex., at 8 o'clock this morning. This information was contained in authentic advices just received here. The besieged town is being defended by a force of about 300 loyal Huerta troops.

HARDING SETS FORTH STAND ON SUFFRAGE

G. O. P. Nominee Earnestly Desires Ratification of Nineteenth Amendment.

WOLFE PLEDGES SUPPORT

Alexander Moore, Col. Roosevelt's Friend, Visits Candidate.

By A. O. HAYWARD

MARION, O., July 15.—Asserting that there had been misrepresentation of the Republican party and its leaders on the subject of woman suffrage, Senator Warren G. Harding, Republican presidential nominee, issued late yesterday a statement setting forth the party record and his own position on this question.

"For myself, and for the Republican party, I earnestly desire that ratification of the suffrage amendment may be accomplished in time to give the whole body of American women the ballot next November," said the senator. "I don't care a fig whether ratification is secured through a Republican or Democratic state. I will rejoice if North Carolina will do it, or if Tennessee will do it, just as I would rejoice if a Republican state did it."

Senator Harding called attention to the fact that a Republican senate and a Republican house had admitted the suffrage amendment after a Democratic senate had refused to submit it, and that 29 Republican and six Democratic states have ratified the amendment. Only one Republican state, Delaware, has rejected the amendment, while six Democratic states have taken this action.

The senator urged Governor Clement, of Vermont, to call a special session of the Vermont legislature to act on the amendment, but the Vermont governor declined that he was not warranted in taking this action because the amendment had not been considered by the voters of the state. "If any word of mine could possibly be influential with any Republicans in the North Carolina or in the Tennessee legislature that word would be 'vote for ratification and don't worry about who gets the credit for putting it over.'"

Robert F. Wolfe, of Columbus, O., and Alexander Moore, of Pittsburgh, Pa., publishers of newspapers yesterday assured Senator Harding of his election this fall. They pledged him their hearty support. Senator Harding's friends were pleased especially by the action of Wolfe whom many believed to be lukewarm in support of the Republican ticket. Wolfe had supported General Wood for the Republican nomination. Moore was an influential friend of Col. Roosevelt and supported Senator Hiram Johnson for the nomination.

BEGIN DESTRUCTION OF AIR MATERIALS

GENEVA, July 15.—Destruction of Germany's military air materials in accordance with the terms of the treaty of Versailles has begun, according to advices received today from Friedrichshafen. The work is being carried out under supervision of allied army officers at Friedrichshafen, where there are balloon and airplane factories and elsewhere in Germany.

HARDING WILL MEET WOMAN'S PARTY ENVOY

WASHINGTON, July 15.—Senator Harding, Republican presidential nominee has agreed to grant an interview to a delegation from the Women's National party, according to a telegram received at suffragist headquarters here today. The women will request the interview on behalf of the morning of the day on which he is notified of his nomination.

"I'VE ALWAYS LIKED UNCLE HARDING," SAYS DAUGHTER OF GOVERNOR COX

Helen Cox Mahoney and her husband.

One of those entangling alliances which sometimes embarrasses kings who declared war on each other unites the Cox and Harding families. Mrs. D. J. Mahoney, daughter of Gov. Cox, is related to Senator Harding on her mother's side. "I have always thought of Senator Harding as an uncle and have always liked him," says Mrs. Mahoney.

RESOLUTE LEADS RACE AGAINST LIPTON YACHT

COX BIDS FOR WOMEN'S VOTES

Will Promise Support of Movement to Ratify Suffrage Amendment.

By ALBERT F. BAENZIGER.

COLUMBUS, July 15.—Gov. James M. Cox, Democratic presidential nominee, will make another effort to capture the women's vote by promising the delegation headed by Alice Paul which will visit him tomorrow, that he will do everything in his power to get the legislatures of Tennessee and North Carolina to pass the suffrage amendment.

Mrs. J. M. Rector of this city, member of the executive committee of the National Woman's party, conferred with the candidate today. She explained the opportunity the Democrats had to offset the allegation made yesterday by the Republican presidential candidate, Warren G. Harding, that the Democrats were responsible for blocking suffrage, by passing the amendment in Tennessee and North Carolina. Mrs. Rector was one of the sentinels at the Republican convention in Chicago and is an architect of note in Ohio. She did not mince matters after her conference today in stating the feeling of her sisters and the action they would take if not given the whole-hearted assistance of Gov. Cox. "I am sure we all will work against the party who has the opportunity to give us national suffrage and falls," said Mrs. Rector, and when asked if this was a threat she replied, "Well, I guess it looks that way, don't it?"

AMERICAN BOAT SPEEDS OVER LINE AHEAD OF SHAMROCK IV IN FIRST INTERNATIONAL CUP RACE IN 17 YEARS.

BULLETIN

ABOARD U. S. S. GOLDSBOROUGH, July 15.—Resolute, America's cup defender, withdrew from the first of her series of races against Shamrock IV, this afternoon after an accident had rendered her practically helpless.

BY JACK VEIOCK

ABOARD U. S. S. GOLDSBOROUGH, July 15.—Amid a shrieking of steam whistles Shamrock IV and Resolute were off here today at 11 a. m., in the first international cup race to be held in American waters in 17 years.

Shamrock was first over the line at the starting signal and had to return and recross it, Captain Burton of the Shamrock making a bad mess of the start.

The Resolute slipped over in first place. Shamrock recrossed the starting line 40 seconds after the Resolute got away and immediately took out after the American boat which was 200 yards away.

The start of the Shamrock was the worst ever made by a Lipton boat. In spite of the amended navigation rules the waters around Ambrose lightship were crowded with shipping. Big ocean-going steamers, crowded with sight-seers rolled in the long swell.

At 11:05 Shamrock, seemingly unable to catch Resolute, broke away, and headed in shore. Resolute followed at once and began to outpoint the great boat. Resolute was leading by 300 yards.

It was announced that the official starting times were as follows: Resolute, 11:00:40 (eastern standard time) and Shamrock, 11:01:38. Official announcement was also made that the time allowance will be six minutes and forty seconds. There had been several conflicting reports on this.

It was later announced that the change in the allowance was due to a remeasurement of the Shamrock.

ATTEMPT MADE BY MAN HELD FOR FORGERY TO BREAK JAIL

L. A. Wilkinson Failed to Hammer Way Out of Wellsville Jail.

WALL BRICKS REMOVED

Discovery Not Made Until Prisoner is Taken to Grafton, W. Va.

Several broken bricks, a lock lever torn from a cell door, cleverly concealed in the jail corridor, and a hole half-way through the main wall in the jail building at Wellsville, today told the story of an attempted jail delivery last night by L. A. Wilkinson, of Grafton, W. Va., charged with having forged over half a dozen checks and notes in several West Virginia cities and towns.

Wilkinson was arrested in the railroad hotel in Third street Tuesday night by Patrolman Newton following a four months' chase by police pending the arrival of authorities from Grafton. Wilkinson was locked up in the jail. Owing to the fact that the only water supply in the jail proper is in the corridor outside the cells, Wilkinson was permitted the freedom of the corridor.

When Patrolman Joseph McDevitt made his inspection of the jail this morning, he discovered the bricks, and the iron lock lever which Wilkinson it is claimed, used to batter out a hole in the brick wall. The lever was found concealed near the wall of cell No. 2 while the bricks had been dropped behind a radiator in the corridor. The lever, which is used in throwing the lock on one of the cell doors, had been broken off Tuesday night, it is believed. Last night another prisoner was admitted to the cell door, which, it is thought, prevented Wilkinson from carrying out his attempt at escape.

The discovery was made this morning shortly after Wilkinson left here in charge of Deputy Sheriff J. H. Barrett of Grafton, and J. D. Anthony, of Fairmont, and A. J. Daniels, of Worthington, bank officials. The Grafton authorities identified Wilkinson as the man who had passed the worthless checks.

DUBLIN, July 15.—Fifty men raided the general postoffice early today seeking all the mail addressed to the vice regal lodge and Dublin Castle.

INSTALL NEW LIGHT SYSTEM

Work on Removal of Old Street Lights is Under Way.

With the arrival of a part of the equipment work of installing East Liverpool's new street lighting system is progressing rapidly, officials of the Buckeye Power company stated Thursday.

Under the new arrangement, all the old arc lights will be removed and high-powered incandescent lamps ranging from 600 candlepower downward, will be installed. The new contract, signed by Service Director E. J. Smith with the power company several months ago, calls for approximately 380 lights.

Due to a delay in the shipment of the new lights and wiring supplies, actual work on the new system has been held up until the present time. C. E. Torrey, former manager of the power company, with whom the contract with the city was closed, promised to have the new system in operation by the middle of March.

A corps of electricians is now at work on the project and a part of the new lights are already in use. It is estimated that more than 50 new lamps have been installed and the old arcs removed. It will require about thirty days to complete the installation work.

PARLEY CHRISTENSEN AND MAX HAYES ARE STANDARD BEARERS

Salt Lake City Attorney is Chosen Presidential Candidate, While Cleveland Labor Leader is Selected as Running Mate After Stormy All-Night Convention.

By GEORGE R. HOLMES.

CHICAGO, July 15.—Torn with dissension and stripped of considerable of its strength through desertions, the Farmer-Labor party succeeded in launching a national ticket here early this morning after a stormy all-night convention which did not end until after 4 o'clock.

Parley Parker Christensen, a Salt Lake City attorney, was nominated for the presidency by the freshly named party and Max Hayes, a Cleveland labor leader, was named as his running mate. Christensen is a former Republican, a former Progressive, and a former Farmer-Eightier. For several years he was secretary of the Republican state committee of Utah.

The ticket was completed about daylight in what was practically a labor convention. Most of the Committee of Forty-Eight delegates who marched so blithely into a coalition on Tuesday, headed by a band, were absent from the convention hall during the all-night session. Most of the representatives of other affiliated organizations were likewise missing.

A convention of the Forty-Eighters was called to meet before noon today to decide what is to be done about the situation. Some of the Forty-Eighters stuck with the Labor group, but the majority of them left the amalgamated convention flat during the night. Among those who left were George L. Gardner of Washington, and Allan McCurdy, of New York, all of whom have been prominently identified with the Committee of Forty-Eight since its birth.

La Follette Quits Race

Record said today that it was not probable that the Forty-Eighters would now name a national ticket but that it would organize several congressional campaigns.

J. A. H. Hopkins of New Jersey, one of the leaders of the Forty-Eighters, announced to the convention during the night, however, that he would stick to the coalition. The purpose of the Forty-Eight convention today he said, was to complete organization business. His announcement was greeted with cheers from the laborites.

Christensen's nomination was accomplished on the second ballot at nearly 3 o'clock. Senator Robert M. La Follette at midnight flatly demanded, through his son, that his name be withdrawn from the balloting. The Labor platform, a program declaring for nationalization of resources, democratization of industry and other far-reaching economic reforms, was too radical for the Wisconsin senator.

This left the main fight between Christensen and Dudley Field Malone, former collector of the port of New York. On the first ballot Malone led with 166.8 votes as against 121.1 for Christensen. Eugene V. Debs, the Socialist candidate for president, now serving a sentence in Atlanta penitentiary, polled 68 votes. The rest were scattered, Governor Lynn J. Frazier, the Non-Partisan League governor of North Dakota, receiving 9; Henry Ford, 12; Louis F. Post, assistant secretary of labor, 1.7, and Dr. Herbert Bigelow, of Cincinnati, 7.

Between the first and second ballots, Otto Branstetter, national secretary of the Socialist party, came before the convention and advised the dropping of Debs' name. The convention thereupon decided to drop all but the leading pair, Christensen and Malone. On the next ballot Christensen received 192.5 votes and Malone 174.6.

It was nearly 3 a. m. when a presidential candidate was selected. Then for two hours the convention wrangled over a vice presidential candidate.

A score of names were presented. Included among them were those of Henry Ford and Mrs. Carrie Chapman Catt. Those who were placed in nomination hastened to withdraw, and the friends of those who were not there in person did the honors for them. Finally only three were left, Ford, Mrs. Catt and Hayes. Mrs. Catt is in Europe and could not withdraw. Ford was not present. Hayes had previously had his name withdrawn, but the convention would not hear of it.

With dawn breaking over the roof tops and most of the delegates nodding wearily in their seats, the convention decided that Hayes would have to allow himself to be drafted for the job and he was.

Christensen was unknown to the

4,500,000 NEW VOTERS TO SUPPORT HARDING

MARION, O., July 15.—The Harding and Coolidge ticket will get the support of the 4,500,000 new voters among the young men of the country, says Eugene L. Nixon, of New York city, president of the Young Men's National Republican club, in a letter received today by Senator Warren G. Harding, the Republican presidential nominee.

"I presided over a convention of young men from 33 states held recently at Mountain Lake Park," Nixon wrote. "If you could have seen the enthusiasm and determination of those present to take their part in the fall for the victory of the Harding and Coolidge ticket it would have warmed your heart. You can understand what it means to have the young men of America back of you in this hour. We will do our part and the young men of America will speak in no uncertain manner or way for Harding and Coolidge."

Fire apparatus traveled a total of 43 miles during the month with an upkeep expense of \$28.60. Patrick Woods will return from his vacation July 23 and will be followed by Captain Ruhe.

TERRENCE BACK AT OLD POST

East End Fire Station Returned to Full Time Service.

After being operated part time since the vacation period began April 1st, the East End fire station has been returned to full time service, Fire Chief Thomas Bryan announced Thursday.

Because of the small number of men available for fire duty, Chief Bryan had withdrawn Captain William Terrence from the East End station to fill in at Central station while vacations were in progress. During the absence of Captain Terrence, Fireman John Spence was on duty at the East End station, working one week at night and one week on the day shift.

An extra fireman has been added to the city's fire force during the balance of the vacation period and will work at the East End and downtown station whenever needed. The Northside station, operated by Captain William Ruhe, will continue on its present schedule.

Out of 12 alarms answered during the month of June, property loss amounting to but \$925 was incurred, according to Fire Chief Thomas Bryan's report made public Thursday by Saffey Director G. L. Brokaw. Property endangered by fire last month was valued at \$28,700.

CHICAGO HIT BY CAR STRIKE

Every Surface Line in Illinois

Metropolis Tied Up.

CHICAGO, July 15.—A full-fledged street car strike hit Chicago without warning this morning, tying up every surface line in the city and bringing chaos to the city's industry.

The strike was the result of the failure of officials of the company and representatives of the maintenance of service employees to agree on a new wage scale. Although the motormen and conductors were at their posts early this morning to take their cars from the barns, the walkout of maintenance men resulted in a complete shutoff of electric power throughout the city for several hours.

Thousands of workers waited in vain at street car corners for transportation to their places of employment. Owing to the suddenness of the strike, not even the improvised motor truck expresses which have been used in transportation strikes of the past were available. Work in business offices and factories was temporarily suspended early in the day because of the failure of the workers to report for duty.

MARION, O., July 15.—Asserting that there had been misrepresentation of the Republican party and its leaders on the subject of woman suffrage Senator Warren G. Harding, Republican presidential nominee, issued last yesterday a statement setting forth the party record and his own position on this question.

"For myself, and for the Republican party, I earnestly desire that ratification of the suffrage amendment may be accomplished in time to give the whole body of American women the ballot next November," said the senator. "I don't care a fig whether ratification is secured through a Republican or Democratic state. Discovery Not Made Until Prisoner is Taken to Grafton, W. Va.

Salt Lake City Attorney is Chosen Presidential Candidate, While Cleveland Labor Leader is Selected as Running Mate After Stormy All-Night Convention.

By GEORGE R. HOLMES.

CHICAGO, July 15.—Torn with dissension and stripped of considerable of its strength through desertions, the Farmer-Labor party succeeded in launching a national ticket here early this morning after a stormy all-night convention which did not end until after 4 o'clock.

Parley Parker Christensen, a Salt Lake City attorney, was nominated for the presidency by the freshly named party and Max Hayes, a Cleveland labor leader, was named as his running mate. This left the main fight between Christensen and Dudley Field Malone, former collector of the port of New York. On the first ballot Malone led with 166.8 votes as against 121.1 for Christensen. Eugene V. Debs, the Socialist candidate for president, now serving a sentence in Atlanta penitentiary, polled 68 votes. The rest were scattered, Governor Lynn J. Frazier, the Non-Partisan League governor of North Dakota, receiving 9; Henry Ford, 12; Louis F. Post, assistant secretary of labor, 1.7, and Dr. Herbert Bigelow, of Cincinnati, 7.

Between the first and second ballots, Otta Branstetter, national secretary of the Socialist party, came before the convention and advised the dropping of Debs' name. The convention thereupon decided to drop all but the leading pair, Christensen and Malone. On the next ballot Christensen received 192.5 votes and Malone 174.6. It was nearly 3 a. m. when a presidential candidate was selected. Then for two hours the convention wrangled over a vice presidential candidate.

A score of names were presented. Included among them were those of Henry Ford and Mrs. Carrie Chapman Catt. Those who were placed in nomination hastened to withdraw, and the friends of those who were not there in person did the honors for them. Finally only three were left, Ford, Mrs. Catt and Hayes. Mrs. Catt is in Europe and could not withdraw. Ford was not present. Hayes had previously had his name withdrawn, but the convention would not hear of it.

With dawn breaking over the roof tops and most of the delegates nodding wearily in their seats, the convention decided that Hayes would have to allow himself to be drafted for the job and he was.

4,500,000 NEW VOTERS TO SUPPORT HARDING

MARION, O., July 15.—The Harding and Coolidge ticket will get the support of the 4,500,000 new voters among the young men of the country, says Eugene L. Nixon, of New York city, president of the Young Men's National Republican club, in a letter received today by Senator Warren G. Harding, the Republican presidential nominee.

"I presided over a convention of young men from 33 states held recently at Mountain Lake Park," Nixon wrote. "If you could have seen the enthusiasm and determination of those present to take their part in the fall for the victory of the Harding and Coolidge ticket it would have warmed your heart. You can understand what it means to have the young men of America back of you in this hour. We will do our part and the young men of America will speak in no uncertain manner or way for Harding and Coolidge."

East End Fire Station Returned to Full Time Service.

After being operated part time since the vacation period began April 1st, the East End fire station has been returned to full time service, Fire Chief Thomas Bryan announced Thursday.

Because of the small number of men available for fire duty, Chief Bryan had withdrawn Captain William Terrence from the East End station to fill in at Central station while vacations were in progress. During the absence of Captain Terrence, Fireman John Spence was on duty at the East End station, working one week at night and one week on the day shift. An extra fireman has been added to the city's fire force during the balance of the vacation period and will work at the East End and downtown station whenever needed. The Northside station, operated by Captain William Ruhe, will continue on its present schedule.

Out of 12 alarms answered during the month of June, property loss amounting to but \$925 was incurred, according to Fire Chief Thomas Bryan's report made public Thursday by Saffety Director G. L. Brokaw. Property endangered by fire last month was valued at \$28,700.

Fire apparatus traveled a total of 43 miles during the month with an upkeep expense of \$28.60.

Patrick Woods will return from his vacation July 23 and will be followed by Captain Ruhe.

DRAGNET OUT FOR ALLEGED ILLEGAL BOOZE DEALERS HERE

Entire Police Department is Called Out for Raids Today.

TEN PLACES SUSPECTED

Evidence Said to Have Been Obtained Against Five Establishments.

Working on evidence collected by federal agents within the last few weeks, East Liverpool police, aided by five U. S. prohibition officers Thursday afternoon threw out the dragnet for ten alleged "bootlegging joints" where "raisin jack" and other "hard" liquors are said to be sold.

Evidence has already been collected against at least five of the suspected places, while the other establishments will be searched by the raiding party. Practically the entire police department, headed by Chief of Police Hugh McDermott, figured in the search. The federal officers were detailed here from Youngstown to aid in the roundup.

H. S. Dyer, of Youngstown, head of the federal forces, stated Thursday that two of his men had been in the city more than a week gathering evidence for the raid. Five establishments masquerading as soft drink emporiums sold his men "raisin jack," the federal agent declared. At least five other places are within the police dragnet.

Shortly before 2 o'clock a call was issued for all city patrolmen to report at the City Hall. Federal Agent Dyer also marshaled his band and the combined force made the start about 2:30 o'clock. Included in the raiding party were Chief Hugh McDermott, Captain George Toland, Patrolmen, William Lister, James Haley, C. D. Hissam, Norman McFarland, William Davis and Daniel Harkness. The federal officers were Agent Dyer, C. P. Baker, Dan T. Kuts, C. G. Burgess and H. A. Johnson.

Five well known soft drink establishments, formerly operated as saloons during the wet regime, will be "pulled" in the raid, police said. "Raisin jack" sold by bartenders in these establishments are in the possession of the federal agents awaiting the outcome of the roundup.

The prohibition enforcement ordinance and will be arraigned before Mayor J. S. Wilson. Affidavits pressing the charges against the five former saloonists are already filed out at city hall awaiting the return of the raiding party. Blank affidavits for at least half a dozen other offenders will also be served this afternoon, police said.

CHICAGO HIT BY CAR STRIKE

Every Surface Line in Illinois

Metropolis Tied Up.

CHICAGO, July 15.—A full-fledged street car strike hit Chicago without warning this morning, tying up every surface line in the city and bringing chaos to the city's industry.

The strike was the result of the failure of officials of the company and representatives of the maintenance of service employees to agree on a new wage scale. Although the motormen and conductors were at their posts early this morning to take their cars from the barns, the walkout of maintenance men resulted in a complete shutdown of electric power throughout the city for several hours.

Thousands of workers waited in vain at street car corners for transportation to their places of employment. Owing to the suddenness of the strike, not even the improvised motor truck expresses which have been used in transportation strikes of the past were available. Work in business offices and factories was temporarily suspended early in the day because of the failure of the workers to report for duty.

GONZALES HEADS 900 REBELS IN ATTACK

SAN ANTONIO, Tex., July 15.—Ricardo Gonzales, at the head of a force of more than 900 rebels, began an attack on Nuevo Laredo, opposite Laredo, Tex., at 8 o'clock this morning. This information was contained in authentic advices just received here. The besieged town is being defended by a force of about 300 loyal Huerta troops.

HARDING SETS FORTH STAND ON SUFFRAGE

G. O. P. Nominee Earnestly Desires Ratification of Nineteenth Amendment.

WOLFE PLEDGES SUPPORT

Alexander Moore, Col. Roosevelt's Friend, Visits Candidate.

By A. O. HAYWARD

MARION, O., July 15.—Asserting that there had been misrepresentation of the Republican party and its leaders on the subject of woman suffrage, Senator Warren G. Harding, Republican presidential nominee, issued late yesterday a statement setting forth the party record and his own position on this question.

"For myself, and for the Republican party, I earnestly desire that ratification of the suffrage amendment may be accomplished in time to give the whole body of American women the ballot next November," said the senator. "I don't care a fig whether ratification is secured through a Republican or Democratic state. I will rejoice if North Carolina will do it, or if Tennessee will do it, just as I would rejoice if a Republican state did it."

Senator Harding called attention to the fact that a Republican senate and a Republican house had admitted the suffrage amendment after a Democratic senate had refused to submit it, and that 29 Republican and six Democratic states have ratified the amendment. Only one Republican state, Delaware, has rejected the amendment, while six Democratic states have taken this action.

The senator urged Governor Clement, of Vermont, to call a special session of the Vermont legislature to act on the amendment, but the Vermont governor decided that he was not warranted in taking this action because the amendment had not been considered by the voters of the state. "If any word of mine could possibly be influential with any Republicans in the North Carolina or in the Tennessee legislature that word would be 'vote for ratification and don't worry about who gets the credit for putting it over.'"

Robert F. Wolfe, of Columbus, O., and Alexander Moore, of Pittsburgh, Pa., publishers of newspapers yesterday assured Senator Harding of his election this fall. They pledged him their hearty support. Senator Harding's friends were pleased especially by the action of Wolfe whom many believed to be lukewarm in support of the Republican ticket. Wolfe had supported General Wood for the Republican nomination. Moore was an intimate friend of Col. Roosevelt and supporter of Senator Hiram Johnson for the nomination.

BEGIN DESTRUCTION OF AIR MATERIALS

GENEVA, July 15.—Destruction of Germany's military air materials in accordance with the terms of the treaty of Versailles has begun, according to advices received today from Friedrichshafen. The work is being carried out under supervision of allied army officers at Friedrichshafen, where there are balloon and airplane factories and elsewhere in Germany.

HARDING WILL MEET WOMAN'S PARTY ENVOY

WASHINGTON, July 15.—Senator Harding, Republican presidential nominee, has agreed to grant an interview to a delegation from the Women's National party, according to a telegram received at suffragist headquarters here today. The women will request that the interview be set for the morning of the day on which he is notified of his nomination.

"I'VE ALWAYS LIKED UNCLE HARDING," SAYS DAUGHTER OF GOVERNOR COX

Helen Cox Mahoney and her husband.

One of those entangling alliances which sometimes embarrasses kings who declared war on each other unites the Cox and Harding families. Mrs. D. J. Mahoney, daughter of Gov. Cox, is related to Senator Harding on her mother's side. "I have always thought of Senator Harding as an uncle and have always liked him," says Mrs. Mahoney.

RESOLUTE LEADS RACE AGAINST LIPTON YACHT

COX BIDS FOR WOMEN'S VOTES

Will Promise Support of Movement to Ratify Suffrage Amendment.

By ALBERT F. BAENZIGER.

COLUMBUS, July 15.—Gov. James M. Cox, Democratic presidential nominee, will make another effort to capture the women's vote by promising the delegation headed by Alice Paul which will visit him tomorrow, that he will do everything in his power to get the legislatures of Tennessee and North Carolina to pass the suffrage amendment.

Mrs. J. M. Rector of this city, member of the executive committee of the National Woman's party, conferred with the candidate today. She explained the opportunity the Democrats had to offset the allegation made yesterday by the Republican presidential candidate, Warren G. Harding, that the Democrats were responsible for blocking suffrage, by passing the amendment in Tennessee and North Carolina. Mrs. Rector was one of the sentinels at the Republican convention in Chicago and is an architect of note in Ohio. She did not mince matters after her conference today in stating the feeling of her sisters and the action they would take if not given the whole-hearted assistance of Gov. Cox. "I am sure we all will work against the party who has the opportunity to give us national suffrage and fails," said Mrs. Rector, and when asked if this was a threat she replied, "Well, I guess it looks that way, don't it?"

By this action in asking the legislature of Louisiana last week to ratify the amendment, Gov. Cox has already established his position. This body failed to abide by the candidate's request and it is now believed stronger measures will be taken by him to secure favorable action by the legislature of Tennessee and North Carolina.

American Boat Speeds Over Line Ahead of Shamrock IV In First International Cup Race in 17 Years.

BULLETIN

ABOARD U. S. S. GOLDSBOROUGH, July 15.—Resolute, America's cup defender, withdrew from the first of her series of races against Shamrock IV, this afternoon after an accident had rendered her practically helpless.

BY JACK VEIOCK

ABOARD U. S. S. GOLDSBOROUGH, July 15.—Amid a shrieking of steam whistles Shamrock IV and Resolute were off here today at 11 a. m., in the first international cup race to be held in American waters in 17 years.

Shamrock was first over the line at the starting signal and had to return and recross it, Captain Burton of the Shamrock making a bad mess of the start.

The Resolute slipped over in first place. Shamrock recrossed the starting line 49 seconds after the Resolute got away and immediately took out after the American boat which was 200 yards away.

The start of the Shamrock was the worst ever made by a Lipton boat. In spite of the amended navigation rules the waters around Ambrose lightship were crowded with shipping. Big ocean-going steamers, crowded with sight-seers rolled in the long swell.

At 11:05 Shamrock, seemingly unable to catch Resolute, broke away, and headed in shore. Resolute followed at once and began to outpoint the great boat. Resolute was leading by 300 yards.

It was announced that the official starting times were as follows: Resolute, 11:00:40 (eastern standard time) and Shamrock, 11:01:28.

Official announcement was also made that the time allowance will be six minutes and forty seconds. There had been several conflicting reports on this.

It was later announced that the change in the allowance was due to a remeasurement of the Shamrock.

ATTEMPT MADE BY MAN HELD FOR FORGERY TO BREAK JAIL

L. A. Wilkinson Failed to Hammer Way Out of Wellsville Jail.

WALL BRICKS REMOVED

Discovery Not Made Until Prisoner is Taken to Grafton, W. Va.

Several broken bricks, a lock lever torn from a cell door, cleverly concealed in the jail corridor, and a hole half-way through the main wall in the jail building at Wellsville, today told the story of an attempted jail delivery last night by L. A. Wilkinson, of Grafton, W. Va., charged with having forged over half a dozen checks and notes in several West Virginia cities and towns.

Wilkinson was arrested in the railroad hotel in Third street Tuesday night by Patrolman Newton following a four months' chase by police pending the arrival of authorities from Grafton, Wilkinson was locked up in the jail. Owing to the fact that the only water supply in the jail proper is in the corridor outside the cells, Wilkinson was permitted the freedom of the corridor.

When Patrolman Joseph McDewitt made his inspection of the jail this morning, he discovered the bricks, and the iron lock lever which Wilkinson it is claimed, used to batter out a hole in the brick wall. The lever was found concealed near the wall of cell No. 2 while the bricks had been dropped behind a radiator in the corridor. The lever, which is used in throwing the lock on one of the cell doors, had been broken off Tuesday night, it is believed. Last night another prisoner was admitted to the cell door, which, it is thought, prevented Wilkinson from carrying out his attempt at escape.

The discovery was made this morning shortly after Wilkinson left here in charge of Deputy Sheriff J. H. Barrett of Grafton, and J. D. Anthony, of Fairmont, and A. J. Daniels, of Worthington, bank officials. The Grafton authorities identified Wilkinson as the man who had passed the worthless checks.

INSTALL NEW LIGHT SYSTEM

Work on Removal of Old Street Lights is Under Way.

With the arrival of a part of the equipment, work of installing East Liverpool's new street lighting system is progressing rapidly, officials of the Buckeye Power company stated Thursday.

Under the new arrangement, all the old arc lights will be removed and high-powered incandescent lamps ranging from 600 candlepower downward, will be installed. The new contract, signed by Service Director E. J. Smith with the power company several months ago, calls for approximately 350 lights.

Due to a delay in the shipment of the new lights and wiring supplies, actual work on the new system has been held up until the present time. C. E. Torrey, former manager of the power company, with whom the contract with the city was closed, promised to have the new system in operation by the middle of March.

A corps of electricians is now at work on the project and a part of the new lights are already in use. It is estimated that more than 50 new lamps have been installed and the old arcs removed. It will require about thirty days to complete the installation work.

PARLEY CHRISTENSEN AND MAX HAYES ARE STANDARD BEARERS

Salt Lake City Attorney is Chosen Presidential Candidate, While Cleveland Labor Leader is Selected as Running Mate After Stormy All-Night Convention.

By GEORGE R. HOLMES.

CHICAGO, July 15.—Torn with dissension and stripped of considerable of its strength through desertions, the Farmer-Labor party succeeded in launching a national ticket here early this morning after a stormy all-night convention which did not end until after 4 o'clock.

Parley Parker Christensen, a Salt Lake City attorney, was nominated for the presidency by the freshly named party and Max Hayes, a Cleveland labor leader, was named as his running mate. Christensen is a former Republican, a former Progressive, and a former Forty-Eighter. For several years he was secretary of the Republican state committee of Utah.

The ticket was completed about daylight in what was practically a labor convention. Most of the Committee of Forty-Eight delegates who marched so blithely into a coalition on Tuesday, headed by a band, were absent from the convention hall during the all-night session. Most of the representatives of other affiliated organizations were likewise missing.

A convention of the Forty-Eighters was called to meet before noon today to decide what is to be done about the situation. Some of the Forty-Eighters stuck with the Labor group, but the majority of them left the amalgamated convention flat during the night. Among those who left were George L. Gardner of Washington, and Allan McCurdy, of New York, all of whom have been prominently identified with the Committee of Forty-Eight since its birth.

La Follette Quits Race

Record said today that it was not probable that the Forty-Eighters would now name a national ticket but that it would organize several congressional campaigns.

J. A. H. Hopkins of New Jersey, one of the leaders of the Forty-Eighters, announced to the convention during the night, however, that he would stick to the coalition. The purpose of the Forty-Eight convention today he said, was to complete organization business. His announcement was greeted with cheers from the laborites.

Christensen's nomination was accomplished on the second ballot at nearly 3 o'clock. Senator Robert M. La Follette at midnight flatly demanded, through his son, that his name be withdrawn from the balloting. The Labor platform, a program declaring for nationalization of resources, democratization of industry and other far-reaching economic reforms, was too radical for the Wisconsin senator.

This left the main fight between Christensen and Dudley Field Malone, former collector of the port of New York. On the first ballot Malone led with 168 votes as against 121 for Christensen. Eugene V. Debs, the Socialist candidate for president, now serving a sentence in Atlanta penitentiary, polled 68 votes. The rest were scattered, Governor Lynn J. Frazier, the Non-Partisan League governor of North Dakota, receiving 9; Henry Ford, 12; Louis F. Post, assistant secretary of labor, 1.7, and Dr. Herbert Bigelow, of Cincinnati, 7.

Between the first and second ballots, Otto Branstetter, national secretary of the Socialist party, came before the convention and advised the dropping of Debs' name. The convention thereupon decided to drop all but the leading pair, Christensen and Malone. On the next ballot Christensen received 192.5 votes and Malone 174.6.

It was nearly 3 a. m. when a presidential candidate was selected. Then for two hours the convention wrangled over a vice presidential candidate.

A score of names were presented. Included among them were those of Henry Ford and Mrs. Carrie Chapman Catt. Those who were placed in nomination hastened to withdraw, and the friends of those who were not there in person did the honors for them. Finally only three were left, Ford, Mrs. Catt and Hayes. Mrs. Catt is in Europe and could not withdraw. Ford was not present. Hayes had previously had his name withdrawn, but the convention would not hear of it.

With dawn breaking over the roof tops and most of the delegates nodding wearily in their seats, the convention decided that Hayes would have to allow himself to be drafted for the job and he was. Christensen was unknown to the delegates.

G. O. P. COMMITTEE TO MEET IN PARKERSBURG

The state Republican executive committee will meet in Parkersburg, Tuesday, July 20, State Chairman Wm. E. Baker of the old committee will preside over the new committee until a new chairman is selected. A contest over the gubernatorial nomination may be brought before the committee. The official business of the committee will be to effect an organization and decide upon the time and place of holding the state judicial and platform convention.

Matters of greater importance however, are expected to be considered by the committee under miscellaneous business, the principal thing being a demand by one element of the party that the committee take up and investigate their charges of fraud in the late primary made by Samuel B. Montgomery, who was defeated on the face of the returns for the Republican nomination for governor.

DEMOCRATIC NOMINEE FOR GOVERNOR HOME

Arthur B. Koonitz, Democratic nominee for governor of West Virginia, has returned to Charleston from San Francisco, where he attended the Democratic national convention as one of the backers of John W. Davis for the nomination for president. He started immediately on the consideration of plans for his campaign.

Mr. Koonitz went from San Francisco and Los Angeles and returned home from the coast by the southern route, stopping over for a few hours at several places in the southwestern states where he has personal friends.

PLACE BENCHES IN LOT FOR OPEN AIR SERVICES

Benches have been placed in the vacant lot in Carolina avenue next to the I. O. O. F. K. of P. building for the accommodation of those who attend the open air preaching services being conducted by the Protestant churches of Chester every Sunday evening.

The stage is illuminated with electric lights. Thus far the open air meetings have been well attended and have been very successful. It is the intention of the various churches of the city co-operating in this movement to continue these open air meetings every Sunday evening throughout the remainder of July and August.

WEIRTON AND COVE BAN ALL CARNIVALS

Having been refused permits to show in either Weirton or Holliday's Cove, a carnival company manager has announced that he would set up his show in upper Brooke county below the town limits of the Cove. This is the sixth time this year that carnival company representatives have tried to bring their shows to Weirton and each time they met with refusal. This is due to the trouble experienced several years ago when fully fifteen pickpockets accompanied a carnival here and the police had their hands full for a time.

CHESTER CHURCHES TO JOIN JONES REVIVAL

Three of Chester's Protestant churches will join in the Bob Jones revival campaign to be conducted in East Liverpool during September 5 to October 3, it was announced this morning.

The First Presbyterian, First Methodist Episcopal and First Methodist Episcopal churches will co-operate in this movement. No services during the campaign will be held in the three churches.

A series of cottage prayer meetings will be conducted throughout the district during August in preparation for the revival campaign.

The big campaign will be conducted in a frame tabernacle to be built on the Taylor lot, West Sixth street. Evangelist Jones will bring with him a corps of singers and assistants who will aid in the campaign. There will be preaching services every evening.

GIRLS' QUARTET TO GIVE RECITAL HERE

The Girls' Quartet, representing Muskingum college, at New Concord, O., will give a recital at the First United Presbyterian church of Chester at 8 o'clock Monday evening, July 26. It was announced Thursday. The admission will be free, although an offering will be taken to assist in defraying expenses.

The quartet is composed of four college students—Misses Lucile Nairn, Lucile Cosby, Ethel Peterson and Beulah Grimes. Misses Nairn and Cosby are graduates of the college and students in the conservatory of the Muskingum institution. Miss Peterson is a graduate of the Muskingum Conservatory of Voice, while Miss Grimes

has been a student in the School of Expression.

The program will consist of vocal and piano solos, duets, trios, quartets, stringed instrument selections, readings, sketches and college songs.

WEIRTON MEN ARE RELEASED ON BOND

Mike Koutosky and Bert Childs, of Weirton, Serbians, convicted in the circuit court at New Cumberland ten days ago of owning a "still" and manufacturing intoxicating liquor and who were sentenced to serve two years in the penitentiary, have been released on bond of \$2,500 each. The defense claims insufficient evidence, pointing out that the state must not only show that the men have operated "stills" but that the moonshine apparatus was concealed at the time. Petitions for writ of habeas corpus have been presented.

FARMER-LABOR PARTY

(Continued from page One)

Labor group a week ago, and he was but little known to the Forty Eighters when they met here. He was chosen permanent chairman of the Forty Eight convention and rapidly gained popularity. He was one of the earliest advocates of a "third party coalition." He is 49 years old and unmarried. He graduated from Cornell university in 1897 and has been practicing law in Salt Lake City in recent years.

By DAVID M. CHURCH

CHICAGO, July 15.—The Committee of Forty Eight in convention today struggled to tear itself apart from the Farmer-Labor party.

There was considerable sentiment in the convention that the Committee of Forty Eight re-establish itself as a separate party. In dramatic fashion the convention was denounced as "un-American" by several delegates and Delegate Pritchard Potts, Texas, walked out, inviting the convention to follow, but he went alone.

J. A. H. Hopkins suggested to the convention that the Committee of Forty Eight establish itself for state campaign and such national work as it saw fit.

Parley Parker Christensen, nominated last night for the presidency by the Farmer-Labor party after he had presided at the Forty Eight convention at the beginning, was in the hall when the remnants of the Committee of Forty Eight were called to order.

He said he was present as a spectator only. He was smiling and seemed pleased over the outcome.

Considerable difficulty was met in getting under way. There seemed to be some doubt as to whether the convention was legally constituted, if the meeting was in the nature of a rump convention or merely a continuation of that which adjourned Tuesday to meet with the Labor party.

Gilbert Rowe, Senator La Follette's personal representative here, spoke, urging the ultimate union of the groups which had failed to get together here.

"We have all made mistakes," he said. "But we must not go away from here and fight each other."

Parley Christensen, presidential candidate of the Farmer-Labor party, announced to the convention "that if in any way you can get Senator La Follette as your candidate I will not stand in your way," and stated further that "if you can get harmony with other groups, I am not in your way."

Christensen declared, however, that he would remain loyal to that splendid body of laboring men who have nominated him.

BERLIN AGREES TO MEET TERMS OF ALLIES ON COAL DELIVERY

Accepts Protocol Calling for 2,000,000 Tons of Fuel Monthly.

ASK LIGHTER PRICE

Proposal for Additional Food for Miners is Submitted.

BULLETIN

BERLIN, July 15.—German coal miners in the Ruhr district have sent an ultimatum to Spa refusing to abide by the terms if the German government signs the allied coal protocol, according to a report received today from Essen. Leaders of the miners were quoted as saying they would resist if the allies occupy the Ruhr district.

By NEWTON C. PARKE

SPA, BELGIUM, July 15.—Germany has accepted the terms of the allied coal protocol calling for the delivery of 2,000,000 tons of coal monthly by the Germans on certain conditions, it was announced today.

The proposals formulated by the Germans on the issue of coal deliveries was handed to Premier Lloyd George and guarantee the delivery of 12,000,000 tons of coal in six months, at the rate of 2,000,000 tons per month if the allies provide additional food for the German coal miners and pay higher prices for German coal than was first stipulated.

Dr. von Simons, the German foreign secretary, denied that any ultimatum was presented to the Germans by the allies, but it is well understood, prepared the draft of an ultimatum.

The Germans proposed that, at the end of six months, the reparations' commission shall determine whether Germany is to continue delivering 2,000,000 tons of coal monthly.

The allied statesmen met again at 3:30 this afternoon. The German cabinet was in session at Berlin and further word was awaited by the Teuton delegation as to its decisions in the coal controversy.

ALICE PAUL TO MEET GOV. COX

Chairman of National Woman's Party Arrives in Columbus.

COLUMBUS, July 15.—Indications that Governor James M. Cox, Democratic candidate for president, will try to enlist the support of the entire national committee in an effort to get the states of Tennessee and North Carolina to ratify the suffrage amendment, was made by him today. The candidate announced there would be no statement given out as to what he intended to do until after his conference with the Democratic leaders of the committee which takes place here on July 20.

Women representing many states, led by Alice Paul, chairman of the National Woman's party, arrived today for their conference with Governor Cox set for tomorrow at 2 p. m., at the state house. The delegation includes many officers and members of the women's party who have been prominent in Democratic politics in their communities, who will urge the nominee to use his influence in securing the 36th state for suffrage through the ratification by the Tennessee legislature.

Accompanying Miss Paul was Miss Sue White, state chairman for Tennessee, whose collection of legal opinions helped bring about calling of the special session of the legislature in her own state. She will present the suffrage situation in Tennessee to Governor Cox. Special pleas will be made by Dr. Gillette Hayden, state chairman for Ohio and Mrs. James Rector, member of the advisory council of the Women's party.

CLAIMS STATE FOR HARDING

Robt. F. Wolfe Predicts Victory for Republican Nominee.

MARION, O., July 15.—The unequivocal announcement by Robert F. Wolfe, of Columbus, publisher of the Columbus Dispatch and the Ohio State Journal that he would give earnest and steady support to the Harding-Coolidge ticket has caused deep satisfaction and enthusiasm at the Harding headquarters.

Wolfe made the statement after a conference yesterday with Senator Harding, the Republican nominee, at the latter's office. Alex. Moore, of Pittsburgh, publisher of the Pittsburgh Leader, was present at the conference.

"Senator Harding and I are personal friends of many years standing," said Wolfe. "My call today was a personal one. I came to congratulate the senator. We discussed the political situation. My papers have announced editorially that they would give their support to the Republican national ticket. That announcement was made some time ago. I shall give the ticket and Senator Harding all the support I can."

Wolfe admitted that in the pre-conference campaign he had supported General Leonard Wood. Wood failed to secure the nomination. "Harding will carry Ohio," said Wolfe.

Wolfe and Moore spent some time with Senator Harding and lunched with the senator and Mrs. Harding. Later they motored to Columbus.

Re-Arrange "Runs"

Re-arrangement of "runs" on the various lines of the Steubenville, East Liverpool and Beaver Valley Traction company in the East Liverpool district becomes effective Friday.

Motormen and conductors in the employ of the traction company are given an opportunity to change lines under a semi-annual re-adjustment of runs. The seniority rule which gives the men longest in the company's service the privilege of picking the more desirable runs prevails.

Change in runs is made in July and January.

Shamrock gives Resolute six minutes, 40 seconds time allowance, and unless a remeasurement of the former's sail arrangement is taken as has been requested by her captain that is how they will finish. It is more than I expected and I think the challenger's people are a bit surprised if not displeased. This handicap is going to prove a big job for the Shamrock. Her one hope today is a good blow and that seems by no means certain. Should she maintain a ten knot speed the handicap means she must gain seventy yards in every mile of the race. She will probably do this for the first half which will be on the wind, but it is too much to expect her to maintain it on the home run. Her sail area has been officially computed

G. O. P. COMMITTEE TO MEET IN PARKERSBURG

The state Republican executive committee will meet in Parkersburg, Tuesday, July 20. State Chairman Wm. E. Baker of the old committee will preside over the new committee until a new chairman is selected. A contest over the gubernatorial nomination may be brought before the committee. The official business of the committee will be to effect an organization and decide upon the time and place of holding the state judicial and platform convention.

Matters of greater importance however, are expected to be considered by the committee under miscellaneous business, the principal thing being a demand by one element of the party that the committee take up and investigate their charges of fraud in the late primary made by Samuel B. Montgomery, who was defeated on the face of the returns for the Republican nomination for governor.

DEMOCRATIC NOMINEE FOR GOVERNOR HOME

WEIRTON MEN ARE RELEASED ON BOND

Mike Korlosky and Bert Childs, of Weirton, Serbians, convicted in the circuit court at New Cumberland ten days ago of owning a "still" and manufacturing intoxicating liquor and who were sentenced to serve two years in the penitentiary, have been released on bond of \$2,500 each. The defense claims insufficient evidence, pointing out that the state must not only show that the men have operated "stills" but that the moonshine apparatus was concealed at the time. Petitions for writ of habeas corpus have been presented.

FARMER-LABOR PARTY

(Continued from page One)

Labor group a week ago, and he was but little known to the Forty Eighters when they met here. He was chosen permanent chairman of the Forty Eight convention and rapidly gained popularity. He was one of the earliest advocates of a "third party coalition."

He is 49 years old and unmarried. He graduated from Cornell university in 1897 and has been practicing law in Salt Lake City in recent years.

By DAVID M. CHURCH

CHICAGO, July 15.—The Committee of Forty Eight in convention today struggled to tear itself apart from the Farmer-Labor party.

There was considerable sentiment in the convention that the Committee of Forty Eight re-establish itself as a separate party. In dramatic fashion the convention was denounced as "un-American" by several delegates and Delegate Pritchard Potts, Texas, walked out, inviting the convention to follow, but he went alone.

J. A. H. Hopkins suggested to the convention that the Committee of Forty Eight establish itself for state campaign and such national work as it saw fit.

Parley Parker Christensen, nominated last night for the presidency by the Farmer-Labor party after he had presided at the Forty Eight convention at the beginning, was in the hall when the remnants of the Committee of Forty Eight were called to order.

He said he was present as a spectator only. He was smiling and seemed pleased over the outcome.

Considerable difficulty was met in getting under way. There seemed to be some doubt as to whether the convention was legally constituted.

The meeting was in the nature of a rump convention or merely a continuation of that which adjourned Tuesday to meet with the Labor party.

Gilbert Rowe, Senator La Follette's personal representative here, spoke, urging the ultimate union of the groups which had failed to get together here.

"We have all made mistakes," he said. "But we must not go away from here and fight each other."

Parley Christensen, presidential candidate of the Farmer-Labor party, announced to the convention "that if in any way you can get Senator La Follette as your candidate I will not stand in your way," and stated further that "if you can get harmony with other groups, I am not in your way."

Christensen declared, however, that he would remain loyal to that splendid body of laboring men who have nominated him.

BERLIN AGREES TO MEET TERMS OF ALLIES ON COAL DELIVERY

Accepts Protocol Calling for 2,000,000 Tons of Fuel Monthly.

ASK LIGHTER PRICE

Proposal for Additional Food for Miners is Submitted.

BULLETIN

BERLIN, July 15.—German coal miners in the Ruhr district have sent an ultimatum to Spa refusing to abide by the terms if the German government signs the allied coal protocol, according to a report received today from Essen. Leaders of the miners were quoted as saying they would resist if the allies occupy the Ruhr district.

By NEWTON C. PARKE.
SPA, BELGIUM, July 15.—Germany has accepted the terms of the allied coal protocol calling for the delivery of 2,000,000 tons of coal monthly by the Germans on certain conditions, it was announced today.

The proposals formulated by the Germans on the issue of coal deliveries was handed to Premier Lloyd George and guarantee the delivery of 2,000,000 tons of coal in six months, at the rate of 2,000,000 tons per month, if the allies provide additional food for the German coal miners and pay higher prices for German coal than was first stipulated.

Dr. von Simons, the German foreign secretary, denied that any ultimatum was presented to the Germans by the allies, but it is well understood, prepared the draft of an ultimatum.

The Germans proposed that, at the end of six months, the reparations commission shall determine whether Germany is to continue delivering 2,000,000 tons of coal monthly.

The allied statesmen met again at 3:30 this afternoon. The German cabinet was in session at Berlin and further word was awaited by the Teuton delegation as to its decisions in the coal controversy.

ALICE PAUL TO MEET GOV. COX

Chairman of National Woman's Party Arrives in Columbus.

COLUMBUS, July 15.—Indications that Governor James M. Cox, Democratic candidate for president, will try to enlist the support of the entire national committee in an effort to get the states of Tennessee and North Carolina to ratify the suffrage amendment, was made by him today. The candidate announced there would be no statement given out as to what he intended to do until after his conference with the Democratic leaders of the committee which takes place here on July 20.

Women representing many states, led by Alice Paul, chairman of the National Woman's party, arrived today for their conference with Governor Cox set for tomorrow at 2 p. m., at the state house. The delegation includes many officers and members of the women's party who have been prominent in Democratic politics in their communities, who will urge the nominee to use his influence in securing the 36th state for suffrage through the ratification by the Tennessee legislature.

Accompanying Miss Paul was Miss Sue White, state chairman for Tennessee, whose collection of legal opinions helped bring about calling of the special session of the legislature in her own state. She will present the suffrage situation in Tennessee to Governor Cox. Special pleas will be made by Dr. Gillette Hayden, state chairman for Ohio and Mrs. James Rector, member of the advisory council of the Women's party.

Resolute is 106.34 feet over all, and 74.97 on the water.

Otherwise the contestants are divergent in every particular which calls for a very different wind. That prevailing today is in favor of the Resolute. Comparing boat for boat I put the captains and crews on a fifty-fifty basis. They have both done all that has been asked of them and can be relied on to give a good account of themselves today.

Certainly the general attitude of the Britisher's would suggest that they hold the secret of success whichever way the wind blows. She has not been seen in a wind in which she was unable to carry full sail, and while the big spread has tremendous driving power it must be remembered that a big bulky hull has to be driven through the water. Anything less than a twenty-mile breeze is not going to show the challenger at her best. It is doubtful if that windage will be uniform today. Resolute on the other hand beat Vanitie and so earned her selection as defender. Her sail spread has proved to be the right driving power for her hull in a 12 mile wind, and so while the Shamrock will be first to cross the finishing line I expect to find Resolute the winner on her time allowance in the first of the series.

G. O. P. COMMITTEE TO MEET IN PARKERSBURG

The state Republican executive committee will meet in Parkersburg, Tuesday, July 20, State Chairman Wm. E. Baker of the old committee will preside over the new committee until a new chairman is selected. A contest over the gubernatorial nomination may be brought before the committee.

The official business of the committee will be to effect an organization and decide upon the time and place of holding the state judicial and platform convention.

Matters of greater importance however, are expected to be considered by the committee under miscellaneous business, the principal thing being a demand by one element of the party that the committee take up and investigate their charges of fraud in the late primary made by Samuel B. Montgomery, who was defeated on the face of the returns for the Republican nomination for governor.

Demands for such an investigation probably will be squelched if a considerable majority of the new committee is satisfied with the nomination of Judge L. F. Morgan as his friends believe they will be. It is claimed by Morgan's friends that Montgomery failed in all his records of the vote to disclose that there was any fraud in it sufficient to account for his defeat, or even a small part of the Morgan plurality, over him.

DEMOCRATIC NOMINEE FOR GOVERNOR HOME

Arthur B. Koontz, Democratic nominee for governor of West Virginia, has returned to Charleston from San Francisco, where he attended the Democratic national convention as one of the backers of John W. Davis for the nomination for president. He started immediately on the consideration of plans for his campaign.

Mr. Koontz went from San Francisco and Los Angeles and returned here from the coast by the southern route, stopping over for a few hours at several places in the southwestern states where he has personal friends.

PLACE BENCHES IN LOT FOR OPEN AIR SERVICES

Benches have been placed in the vacant lot in Carolina avenue next to the I. O. O. F. K. of P. building for the accommodation of those who attend the open air preaching services being conducted by the Protestant churches of Chester every Sunday evening.

The stage is illuminated with electric lights. Thus far the open air meetings have been well attended and have been very successful. It is the intention of the various churches of the city co-operating in this movement to continue these open air meetings every Sunday evening throughout the remainder of July and August.

WEIRTON AND COVE BAN ALL CARNIVALS

Having been refused permits to show in either Weirton or Holiday Cove, a carnival company manager has announced that he would set up his show in upper Brooke county below the town limits of the Cove. This is the sixth time this year that carnival company representatives have tried to bring their shows to Weirton and each time they met with refusal. This is due to the trouble experienced several years ago when fully fifteen pickpockets accompanied a carnival here and the police had their hands full for a time.

CHESTER CHURCHES TO JOIN JONES REVIVAL

Three of Chester's Protestant churches will join in the Bob Jones revival campaign to be conducted in East Liverpool during September 5 to October 3, it was announced this morning.

The First Presbyterian, First United Methodist and First Baptist churches will co-operate in this movement. No services during the campaign will be held in the three churches.

A series of cottage prayer meetings will be conducted throughout the district during August in preparation for the revival campaign.

The big campaign will be conducted in a frame tabernacle to be built on the Taylor lot, West Sixth street. Evangelist Jones will bring with him a corps of singers and assistants who will aid in the campaign. There will be preaching services every evening.

GIRLS' QUARTET TO GIVE RECITAL HERE

The Girls' Quartet, representing Muskingum college, at New Concord, O., will give a recital at the First United Presbyterian church of Chester at 8 o'clock Monday evening, July 26. It was announced Thursday. The admission will be free, although an offering will be taken to assist in defraying expenses.

The quartet is composed of four college students—Misses Lucile Nairn, Lucile Cosby, Ethel Peterson and Beulah Grimes. Misses Nairn and Cosby are graduates of the college and students in the conservatory of the Muskingum institution. Miss Peterson is a graduate of the Muskingum Conservatory of Voice, while Miss Grimes

has been a student in the School of Expression.

The program will consist of vocal and piano solos, duets, trios, quartets, stringed instrument selections, readings, sketches and college songs.

WEIRTON MEN ARE RELEASED ON BOND

Mike Konlosky and Bert Childs, of Weirton, Serbians, convicted in the circuit court at New Cumberland ten days ago of owning a "still" and manufacturing intoxicating liquor and who were sentenced to serve two years in the penitentiary, have been released on bond of \$2,500 each. The defense claims insufficient evidence, pointing out that the state must not only show that the men have operated "stills" but that the moonshine apparatus was concealed at the time. Petitions for writ of habeas corpus have been presented.

FARMER-LABOR PARTY

(Continued from page One)

Labor group a week ago, and he was but little known to the Forty Eighters when they met here. He was chosen permanent chairman of the Forty Eight convention and rapidly gained popularity. He was one of the earliest advocates of a "third party coalition." He is 40 years old and unmarried. He graduated from Cornell university in 1897 and has been practicing law in Salt Lake City in recent years.

BY DAVID M. CHURCH

CHICAGO, July 15.—The Committee of Forty Eight in convention today struggled to tear itself apart from the Farmer-Labor party.

There was considerable sentiment in the convention that the Committee of Forty Eight re-establish itself as a separate party. In dramatic fashion the convention was denounced as "un-American" by several delegates and Delegate Pritchard Potts, Texas, walked out, inviting the convention to follow, but he went alone.

J. A. H. Hopkins suggested to the convention that the Committee of Forty Eight establish itself for state campaign and such national work as it saw fit.

Farley Parker Christensen, nominated last night for the presidency by the Farmer-Labor party after he had presided at the Forty Eight convention at the beginning, was in the hall when the remnants of the Committee of Forty Eight were called to order.

He said he was present as a spectator only. He was smiling and seemed pleased over the outcome.

Considerable difficulty was met in getting under way. There seemed to be some doubt as to whether the convention was legally constituted, if the meeting was in the nature of a rump convention or merely a continuation of that which adjourned Tuesday to meet with the Labor party.

Gilbert Rowe, Senator La Follette's personal representative here, spoke, urging the ultimate union of the groups which had failed to get together here.

"We have all made mistakes," he said. "But we must not go away from here and fight each other."

Parley Christensen, presidential candidate of the Farmer-Labor party, announced to the convention "that if in any way you can get Senator La Follette to endorse me I will stand in your way," and stated further that "if you can get harmony with other groups, I am not in your way."

Christensen declared, however, that he would remain loyal to that splendid body of laboring men who have nominated him.

BERLIN AGREES TO MEET TERMS OF ALLIES ON COAL DELIVERY

Accepts Protocol Calling for 2,000,000 Tons of Fuel Monthly.

ASK LIGHTER PRICE

Proposal for Additional Food for Miners is Submitted.

BULLETIN

BERLIN, July 15.—German coal miners in the Ruhr district have sent an ultimatum to Spa refusing to abide by the terms if the German government signs the allied coal protocol, according to a report received today from Essen. Leaders of the miners were quoted as saying they would resist if the allies occupy the Ruhr district.

By NEWTON C. PARKE.

SPA, BELGIUM, July 15.—Germany has accepted the terms of the allied coal protocol calling for the delivery of 2,000,000 tons of coal monthly by the Germans on certain conditions, it was announced today.

The proposals formulated by the Germans on the issue of coal deliveries was handed to Premier Lloyd George and guarantee the delivery of 12,000,000 tons of coal in six months, at the rate of 2,000,000 tons per month if the allies provide additional food for the German coal miners and pay higher prices for German coal than was stipulated.

Dr. von Simons, the German foreign secretary, denied that any ultimatum was presented to the Germans by the allies, but it is well understood, prepared the draft of an ultimatum.

The Germans proposed that, at the end of six months, the reparations' commission shall determine whether Germany is to continue delivering 2,000,000 tons of coal monthly.

The allied statesmen met again at 3:30 this afternoon. The German cabinet was in session at Berlin and further word was awaited by the Teuton delegation as to its decisions in the coal controversy.

ALICE PAUL TO MEET GOV. COX

Chairman of National Woman's Party Arrives in Columbus.

COLUMBUS, July 15.—Indications that Governor James M. Cox, Democratic candidate for president, will try to enlist the support of the entire national committee in an effort to get the states of Tennessee and North Carolina to ratify the suffrage amendment, was made by him today. The candidate announced there would be no statement given out as to what he intended to do until after his conference with the Democratic leaders of the committee which takes place here on July 20.

Women representing many states, led by Alice Paul, chairman of the National Woman's party, arrived today for their conference with Governor Cox set for tomorrow at 2 p. m., at the state house. The delegation includes many officers and members of the women's party who have been prominent in Democratic politics in their communities, who will urge the nominee to use his influence in securing the 26th state for suffrage through the ratification by the Tennessee legislature.

Accompanying Miss Paul was Miss Sue White, state chairman for Tennessee, whose collection of legal opinions helped bring about calling of the special session of the legislature in her own state. She will present the suffrage situation in Tennessee to Governor Cox. Special pleas will be made by Dr. Gillette Hayden, state chairman for Ohio and Mrs. James Rector, member of the advisory council of the Women's party.

CLAIMS STATE FOR HARDING

Robt. F. Wolfe Predicts Victory for Republican Nominee.

MARION, O., July 15.—The unequivocal announcement by Robert F. Wolfe, of Columbus, publisher of the Columbus Dispatch and the Ohio State Journal that he would give earnest and steady support to the Harding-Coolidge ticket has caused deep satisfaction and enthusiasm at the Harding headquarters.

Wolfe made the statement after a conference yesterday with Senator Harding, the Republican nominee, at the latter's office. Alex Moore, of Pittsburgh, publisher of the Pittsburgh Leader, was present at the conference. "Senator Harding and I are personal friends of many years standing," said Wolfe. "My call today was a personal one. I came to congratulate the senator. We discussed the political situation. My papers have announced editorially that they would give their support to the Republican national ticket. That announcement was made some time ago. I shall give the ticket and Senator Harding all the support I can."

Wolfe admitted that in the pre-convention campaign he had supported General Leonard Wood. Wood failed to secure the nomination. "Harding will carry Ohio," said Wolfe.

Wolfe and Moore spent some time with Senator Harding and lunched with the senator and Mrs. Harding. Later they motored to Columbus.

Re-Arrange "Runs"

Re-arrangement of "runs" on the various lines of the Steubenville, East Liverpool and Beaver Valley Traction company in the East Liverpool district becomes effective Friday.

Motormen and conductors in the employ of the traction company are given an opportunity to change lines under a semi-annual re-adjustment of runs. The seniority rule which gives the men longest in the company's service the privilege of picking the more desirable runs prevails.

Change in runs is made in July and January.

BRICK PLANTS ARE CRIPPLED

Industry in Ohio Valley Affected by Rail Situation.

With transportation facilities on the Cleveland and Pittsburgh and the river divisions of the Pennsylvania Railroad below normal, as a result, it is claimed of the recent rail tie-up, the brick manufacturing industry in this section of the valley is badly crippled.

W. A. Schlaubach, head of the Associated Traffic Bureau, with headquarters in East Liverpool, who is working on car shortage problems in this district, is now directing his attention to the situation at the brick plants in Toronto, Empire, Port Homer and vicinity, all of which are practically tied up by the shortage of cars.

The traffic expert will visit the various manufacturing plants in an effort to solve their problems of transportation. According to Mr. Schlaubach, the Cleveland and Pittsburgh Railroad is now carrying only about 10 per cent of the normal number of freight cars. Rail officials declare the situation is very acute.

The plants in the Toronto, Port Homer and Empire district are now averaging one kiln a day. The payroll in one of the largest plants there has dropped in recent weeks from \$25,000 per month to \$1,200. Employees of the brick yards and clay mines, it is claimed, are quitting their positions with the brick companies to accept work at the Follansbee Brothers' tin mill, now being constructed at Toronto. The plants are retaining only enough employees to operate essential parts, being unable to furnish employment to all, according to Mr. Schlaubach. Plants that averaged 800 cars a month have fallen to 50 cars, it is said. Although operating in part, the three plants of the McLain company in this city and Irondale are facing with similar conditions.

E. L. HYNEMAN WILL ATTEND EAGLES' MEET

E. L. Hyneman, of Columbus, installing officer, will make the principal address at an entertainment to be held this evening by F. O. E. Aerie No. 772, Wellsville, in connection with installation exercises.

The following officers will be installed: M. K. Duty, worthy president; A. E. Floto, worthy vice president; W. J. Rager, worthy chaplain; James E. O'Grady, secretary; D. D. Coy, treasurer; Albert Havelock, inner guard; Ben Smith, outer guard; M. C. Tarr, Aerie physician; E. G. School and M. Gree, trustees.

Following the installation exercises members of the Aerie will be entertained at a "feed" and smoker. A musical program has been arranged. Local delegates to the state convention will likely receive instructions at tonight's meet.

REPAIR DAMAGE WRECK CAUSED TO TRACK

With the completion of repair work on a section of track several hundred feet long, on the Panhandle Railroad near Short Creek, W. Va., torn up when freight trains collided Tuesday morning, passenger trains that were compelled to run over the Cleveland and Pittsburgh division, have been re-routed to the Panhandle tracks.

One of the freight trains was heading north, when it smashed into the rear end of a southbound train, which it is claimed, had not been entirely side-tracked. The train crew jumped from the cab and were injured. As a result of the collision traffic was routed over the C. & P. on the Ohio side.

TO HURRY WORK ON MAIN MARKET ROUTE

That at least a portion of the improvement work on the main market route to Steubenville through Toronto will be completed before winter is the opinion of Jefferson county commissioners.

According to the commissioners, materials are now being received for the work which will start as soon as possible at the lower end of Toronto. One car of cement has already been received and two more are expected shortly. Surveys and measurements are being made by County Engineer Leech.

Commissioners state that the fill at Jeddo will be started at once, the material to be taken from the present roadway on the eastern side of Cos-tonla.

W. C. T. U. Meeting.

Members of the Women's Christian Temperance Union will meet this evening at 7:30 o'clock at the home of Mrs. Charles Burnett in Main street. An extensive program has been arranged for the affair.

May Lose Sight of Eye.

As a result of an accident in the Cleveland & Pittsburgh railroad shops here yesterday afternoon, Charles Haugh of Main street, may lose the sight of his right eye.

While employed at a lathe in the machine shop, Haugh was struck by a piece of steel from the metal he was working on, which inflicted a dangerous wound near the right eye.

The injured man was taken to a Pittsburgh hospital immediately following the accident.

TO WAGE FIGHT TO AID SCHOOL

Supt. Geiger Seeks Suggestions on Proposed Legislation.

Suggestions from city and country school superintendents for a program of school legislation to be recommended to the Ohio legislature at the next session have been advocated by Franklin P. Geiger, this city, new president of the Ohio Teachers' association, it was announced Thursday.

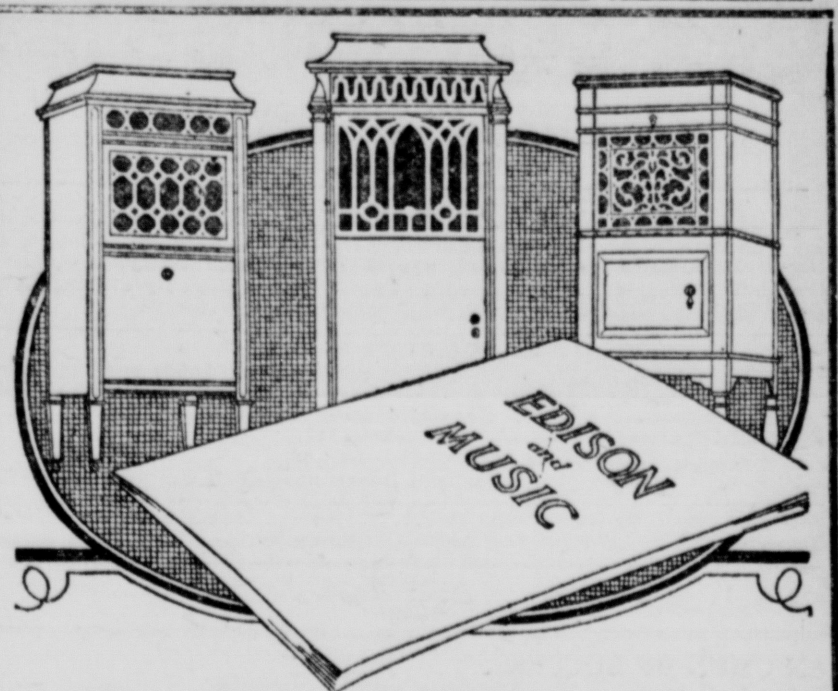

Mr. Geiger is chairman of a committee to consider taxation problems as they affect the school districts of the state. He plans to take advantage of his new executive office to push the fight for more liberal taxation privileges for school districts and will continue his efforts to secure substantial state aid from the state.

Vernon N. Reigel, of Columbus, state superintendent of public instruction, has pledged officials of the Ohio Teachers' association his support in any movement to lift the burden of insufficient funds from state school districts.

BRICK PLANTS ARE CRIPPLED

Industry in Ohio Valley Affected by Rail Situation.

With transportation facilities on the Cleveland and Pittsburgh and the river divisions of the Pennsylvania Railroad below normal, as a result, it is claimed of the recent rail tie-up, the brick manufacturing industry in this section of the valley is badly crippled.

W. A. Schlaubach, head of the Associated Traffic Bureau, with headquarters in East Liverpool, who is working on car shortage problems in this district, is now directing his attention to the situation at the brick plants in Toronto, Empire, Port Homer and vicinity, all of which are practically tied up by the shortage of cars.

The traffic expert will visit the various manufacturing plants in an effort to solve their problems of transportation. According to Mr. Schlaubach, the Cleveland and Pittsburgh Railroad is now carrying only about 10 per cent of the normal number of freight cars. Rail officials declare the situation is very acute.

The plants in the Toronto, Port Homer and Empire district are now averaging one kiln a day. The payroll in one of the largest plants there has dropped in recent weeks from \$25,000 per month to \$1,200. Employees of the brick yards and clay mines, it is claimed, are quitting their positions with the brick companies to accept work at the Follansbee Brothers' tin mill, now being constructed at Toronto. The plants are retaining only enough employees to operate essential parts, being unable to furnish employment to all, according to Mr. Schlaubach. Plants that averaged 800 cars a month have fallen to 50 cars, it is said. Although operating in part, the three plants of the McLain company in this city and Ironville are facing with similar conditions.

E. L. HYNEMAN WILL ATTEND EAGLES' MEET

E. L. Hyneman, of Columbus, installing officer, will make the principal address at an entertainment to be held this evening by F. O. E. Aerie No. 772, Wellsville, in connection with installation exercises.

The following officers will be installed: M. K. Duty, worthy president; A. E. Floto, worthy vice president; W. J. Rager, worthy chaplain; James E. O'Grady, secretary; D. D. Coy, treasurer; Albert Havelock, inner guard; Ben Smith, outer guard; M. C. Tarr, Aerie physician; E. G. School and R. M. Gree, trustees.

Following the installation exercises members of the Aerie will be entertained at a "feed" and smoker. A musical program has been arranged. Local delegates to the state convention will likely receive instructions at tonight's meet.

REPAIR DAMAGE WRECK CAUSED TO TRACK

With the completion of repair work on a section of track several hundred feet long, on the Panhandle Railroad near Short Creek, W. Va., torn up when freight trains collided Tuesday morning, passenger trains that were compelled to run over the Cleveland and Pittsburgh division, have been rerouted to the Panhandle tracks.

One of the freight trains was heading north, when it smashed into the rear end of a southbound train, which it is claimed, had not been entirely side-tracked. The train crew jumped from the cab and were injured. As a result of the collision traffic was routed over the C. & P. on the Ohio side.

TO HURRY WORK ON MAIN MARKET ROUTE

That at least a portion of the improvement work on the main market route to Steubenville through Toronto will be completed before winter is the opinion of Jefferson county commissioners.

According to the commissioners, materials are now being received for the work which will start as soon as possible at the lower end of Toronto. One car of cement has already been received and two more are expected shortly. Surveys and measurements are being made by County Engineer Leach.

Commissioners state that the fill at Jeddo will be started at once, the material to be taken from the present roadway on the eastern side of Cos-tonia.

W. C. T. U. Meeting. Members of the Women's Christian Temperance Union will meet this evening at 7:30 o'clock at the home of Mrs. Charles Burnett in Main street. An extensive program has been arranged for the affair.

May Lose Sight of Eye. As a result of an accident in the Cleveland & Pittsburgh railroad shops here yesterday afternoon, Charles Haugh of Main street, may lose the sight of his right eye.

While employed at a lathe in the machine shop, Haugh was struck by a piece of steel from the metal he was working on, which inflicted a dangerous wound near the right eye.

The injured man was taken to a Pittsburgh hospital immediately following the accident.

BOY SCOUT TROOP TO MEET FRIDAY

The recently organized Troop No. 2, Boy Scouts of Wellsville, will hold a meeting Friday evening. It was announced today, at which time plans will be completed for increasing the membership of the troop.

With the organization of No. 2 troop, the city is represented with two squads of scouts. George Smith has been appointed scoutmaster of the new troop, with E. M. Heaking assistant. Members of troop No. 1 are in charge of affairs of the new troop until members of officers, in addition to scoutmaster and assistant, are named.

CALL FIRST MEET OF TORONTO G. O. P. CLUB

The first meeting of the recently organized Toronto Republican club will be held this evening at the Toronto Country club.

At the meeting of the organizers, Dr. H. E. Kilgus was elected president; Edward G. Casey, vice president; J. M. Anderson, secretary, and Thomas Burke, treasurer. The selection of additional vice presidents, advisory committees and other officers will be made later.

The enrollment of new members will begin at tonight's meeting. Officers of the organization predict a membership of at least 500.

Charged With Loitering. J. J. Selbey, said to be from Pittsburgh, Pa., was arrested last night about 8:45 p. m. in Third street by Patrolman Newton and Special Officer Verner. He was charged with loitering and was placed in the jail here.

To Entertain Club. Members of the Clover Leaf Fancy-work club will be entertained Friday evening at the home of Mrs. O. Van Dyke, in Commerce street. A literary and musical program has been prepared for the occasion.

Mail Carrier on Vacation. John Heakin of Broadway, mail carrier, is enjoying a two weeks' vacation. William Ward is assisting in the distribution of mails here during the vacation periods.

P. H. C. Team to Practice. In preparation for their game Saturday with the Follansbee (W. Va.) Pastime club, members of the Wellsville P. H. C. club will hold practice this evening at Central park.

Saturday's game is scheduled to begin at 3:30 o'clock.

TO WAGE FIGHT TO AID SCHOOL

Supt. Geiger Seeks Suggestions on Proposed Legislation.

Suggestions from city and country school superintendents for a program of school legislation to be recommended to the Ohio legislature at the next session have been advocated by Franklin P. Geiger, this city, now president of the Ohio Teachers' association. It was announced Thursday.

Mr. Geiger is chairman of a committee to consider taxation problems as they affect the school districts of the state. He plans to take advantage of his new executive office to push the fight for more liberal taxation privileges for school districts and will continue his efforts to secure substantial state aid from the state.

Vernon N. Reigel, of Columbus, state superintendent of public instruction, has pledged officials of the Ohio Teachers' association his support in any movement to lift the burden of insufficient funds from state school districts.

The baby sister of the girl he loved was suffocating in the vault. Jimmy could open the vault by his sense of touch, but Doyle, the detective, was watching. If he opened the safe Jimmy would betray himself. If he didn't, the child would die. What was his decision? This incident in "Alias Jimmy Valentine," starring Bert Lytell, will make you grip your seat in suspense. See it at the Strand theater today, Friday and Saturday.

AN OMEN OF SUCCESS.

If precedents have any value, the "front porch" plan of campaigning, which has been adopted by Senator Warren G. Harding, the Republican presidential nominee, is an omen of success. Political history shows that most presidential candidates who decided to conduct their fights from their homes were successful.

Franklin Pierce, who was elected to the White House in 1852, was the first presidential candidate to recognize the fact that more deliberate consideration could be given public questions if they were discussed at home rather than in the excitement of a campaign tour. His opponent, General Winfield Scott, famous the world over and beloved in his own country, made a "swing around the circle" as the Whig nominee.

Four years later, Stephen A. Douglas toured the country in a campaign against Abraham Lincoln. And although Douglas was an able and convincing speaker, he was defeated and Lincoln, who stayed at home, was successful.

In 1868, Andrew Johnson's campaign tour failed to win the required number of electoral votes.

General Grant also decided against a stump speech campaign in 1872, while Horace Greeley went direct to the people with his appeal for election to the highest office in the country, but he was defeated.

With a brilliant record as a soldier to attract the people, General Hancock, in 1880, took to the stump in the presidential campaign. General Garfield, the winner in that contest, did not make a tour.

While Grover Cleveland enjoyed a vacation in the North Woods during the 1884 presidential race, his opponent, James Blaine was aboard a special train, making rear platform speeches and appearing as the headliner at rallies throughout the country. On election day, the voters named Cleveland as the next president.

A similar story was told in 1896, when William Jennings Bryan, then at the height of his popularity, and classed as one of the country's brilliant orators, made a tour. William McKinley, Ohio's son, who made the "front porch" campaign famous, remained at his home in Canton, where daily during the campaign he made short addresses and held conferences with delegations who made trips to the Stark county metropolis. And in the election, McKinley defeated Bryan.

The audiences a presidential candidate attracts on a "swing around the circle" are no indication of his strength on election day. In fact, history shows the contrary to be true.

KILL THE RATS.

Vera Cruz, Mexico, is suffering from an epidemic of bubonic plague, and the deadly disease has appeared in some of our own seaports. This disease is carried by rats. The way to get rid of it, and to prevent it in the first place, is to exterminate the rats. For any city afraid of the plague, the problem is thus comparatively simple, though not necessarily easy. Killing rats is simple, but killing all the rats is hard. It can be done only by organized effort, and by supplementing the systematic destruction of the rodents by making buildings as nearly as possible rodent-proof.

Any city that has no great fear of bubonic plague may wage war against the rats for other reasons. The damage they do in addition to their spreading of disease is enough at any time and any place to make their extermination profitable. The extent of damage in the United States is estimated at \$180,000,000 a year.

This estimate is surely moderate. It does not take account of fires caused by rats, and a vast amount of loss traceable to them directly. But the sum is quite big enough as it is to make the rat deservedly unpopular. It would pay the interest on several billions of our national debt. It would build 30,000 homes for homeless families. Applied for a few years, it would provide all the schoolhouses needed. It would enable school boards to pay teachers what they are worth, and thus solve the teacher problem. It would pay for thousands of miles of good road construction every year.

All these objects, and many more, are promoted every time you kill a rat.

SAME OLD GERMANY.

One of the surprising features of the Spa conference has been the frankness with which the German representatives admitted Germany's failure to live up to the terms of the peace treaty. They confessed that there are 1,000,000 armed men in Germany today, whereas the treaty permits only 100,000, and that there are 2,000,000 rifles unaccounted for. They also admitted that there are many thousand machine guns withheld, and 1,500 illicit cannon.

Lloyd George remarks, justly, that it was inconceivable that all these weapons should have been retained against the wish of the German government. There was no denial of failure in various other matters that are believed to lie within the power of the government, particularly the delivery of coal to France and the surrender of war criminals.

The Germans have been talking much lately about the hardships to which they are subjected, and especially their children's need of wholesome food. Living conditions are admittedly bad. But under the circumstances, there would seem to be all the more reason why the German government should keep its word to the Allies and satisfy them of its good intentions. Fair dealing would quickly bring whatever relief lies in the Allies' power. The Allies are justified in refusing to help the German people until Germany shows a disposition to keep its treaty pledges.

Mexico just now is too good to be true, but Germany makes up for it.

NEW YORK LETTER

By O. O. McINTYRE

NEW YORK, July 15.—A page from the diary of a modern Samuel Pepys: Up and my wife child me for wearing a gaudy scarf and I left in a pretty huff. Bought some things; among others a clock that lights at night and tinkered with it all the morning until it was in ruins.

This day I visited a great new inn which has telephones one may use in the bath and iced water faucets at the bedside. But Lord the cost! And on each floor an apothecary shop, a barber and a library. While walking near the station I saw a man overtake a lass and handed her something which she quickly gave to a man in a patrol wagon at the curb and so mysterious it all was that it worried me all the day.

At a lunch place I came upon D. Byrne, the scrivener, who has finished a new taylor and was frolicking. To Greenwich in the afternoon where I rode on the great yacht Sachem, Sir Archibald Andrews barque and we went to sea and watched the great boats making ready for the cup races.

In the evening we sat on the deck watching the sky and the water and full of fine thoughts and never was such an appetite raised in me. At midnight we came to land and home by tram and so to bed.

All records for ground and lofty food profiteering are broken at Long Beach just a 25-minute ride from New York and with no attractions to make it expensive except that it happens to be near the ocean.

The menus of the cafes there excite the tear glands instead of the saliva glands. Watermelon is \$1 a slice—I quote from the menu before me—coffee 80 cents a cup and cream 10 cents extra.

A half canteloupe is \$1.20 and green turtle soup \$1.40. A steak for one is \$3 and for two \$7.50. Ice cream is 90 cents a dish, toast \$1 an order and if served to two \$1.25. It seems a shame the way Captain Kidd and Jesse James have been maligned. They were poor dubs.

Henry L. Doherty, the oil and traction magnate, has filed plans for a home he will build atop one of the three skyscraping office buildings he recently purchased facing Battery Park. It is so arranged that Mr. Doherty will be able to breakfast each morning facing the Statue of Liberty. And he is just exactly one minute walk to his offices.

Bell hopping is not such a profitable occupation as it used to be in the large New York hotels since prohibition. In the old days there were bright faced young ice water hustlers on the early trick when thirst was terrible who made \$35 a day. Now in hot weather they make about \$8 or \$10.

The first accident has happened to one of the traffic towers on Fifth avenue. These towers are five blocks apart and by a series of lights they direct the cross town and avenue traffic simultaneously. They are 20 feet in the air. The other evening a bibulous gentleman in a stunt roadster was coming down the avenue at a rapid gait. He had his mind on other things apparently for he ran right into one of the towers and it crashed to the street. He turned up a side street with an expression that seemed to say "Goodness, I hit something." Fortunately no one was in the tower as it was after 8 o'clock. The new traffic signaling system, incidentally, has proven a great success. It used to be that it was almost impossible to get down Fifth avenue during the afternoon crush in less than 40 minutes. Now it takes about 10 minutes.

POTTERY NEWS POTTERY IMPORTS ARE UNCERTAIN

Will Be Many Years Before European Ceramics Reach Volume Maintained Previous to War.

By M. K. ZIMMERMAN.

Opinion prevails among the eastern importing jobbers that it will be many years before imports of English, French, German and Austrian ceramics will reach the volume maintained previous to the late war. Department store buyers who visit this market and who also buy imported dinnerware, intimate they have no assurance when deliveries will be made on import orders.

The department store buyers are not anticipating their future requirements in the volume they do domestic dinnerware. Buyers feel they have their finger on the pulse of the American market, but as to the import situation little if any information can be had concerning future deliveries.

Some French china dinnerware is coming through the ports of the east, but the volume is far below the normal of pre-war years. Conditions of those years are not expected to return for from five to ten years hence. Many eastern importing firms have taken on domestic dinnerware and are selling these lines instead of the foreign-made dinnerware.

Therefore, the outlook for the future of the American pottery industry was never brighter, and continued heavy demand is assured.

Increase Capital Stock.

Stockholders of the S. S. Kresge company authorized an increase in the capital stock of the company from \$12,000,000 to \$22,000,000 by the addition of \$10,000,000 common stock. They also authorized the issue of \$3,000,000 7 per cent serial gold notes. This firm will open a new store in Detroit about October 15 to handle merchandise ranging from 25 cents to \$1.00.

Few New Decal Patterns.

Supply salesmen declare very few new decal patterns will be offered the trade for 1921 use. The reason for this is found in the fact that present patterns are selling well, and that as long as present conditions prevail there is little incentive to get out new designs. Some new patterns will be offered the manufacturers of course, but the volume will be below that of previous years.

Protest is Upheld.

A protest of T. S. Todd & Co., of New York, against the assessment of duty by the collector is upheld in a decision by the board of United States general appraisers. Duty is fixed by the board at the rate of 35 per cent ad valorem under other provisions of the same paragraph.

Clay Sales Corporations Formed.

The English Clay Sales Corporation has been formed in New York with a capital stock of \$500,000. S. Goldman, of 33 West 246th street, New York city, is the incorporator. The company will import clays for the ceramic and the paper makers' trade.

East Liverpool People

Are Taking Kindly to Simco Salve and C. T. Larkin or T. R. Ashbaugh are reporting pleased customers.

SIMCO SALVE is immediately active in reducing the soreness of the tender, sensitive lungs of infants or the lungs of sturdy parent alike, thereby reducing the fever.

The magic wonder is that relief comes so quickly. It frees clogged nostrils and inflamed air passages in the head, which inflammation sometimes leads to catarrh and impaired hearing.

SIMCO SALVE is a modern, efficient ointment, active in killing germs, and therefore gets prompt results when used for eczema and other skin troubles; distressing, tortured skin that burns like fire is soothed immediately. Those common, continued ear healings and nose sores are checked by inserting small quantities of SIMCO SALVE.

It is perfectly pliable and is a mighty good modern liniment for all liniment needs.

When you buy SIMCO SALVE what you pay for is satisfaction and that is what we guarantee to you.

Better be prepared at once; go to C. T. Larkin or T. R. Ashbaugh's drug stores today and get a jar. Price 30c, 60c, and \$1.00 per jar. If your druggist does not keep it, send us 35c and the parcel post will bring it to your door by return mail. Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkesburg Station, Pittsburgh, Pa.

Will You Help "Blaze the Trail?" An Extraordinary Announcement

Everybody is urged to read the following announcement, and then decide whether you have RED blood in your veins or not.

After some delay The CALIFORNIA HOLLOW OIL & GAS CO., are now ready for action. By the time you read this the contract will have been signed to drill our first well. A DEEP TEST WELL IN CALIFORNIA HOLLOW, right here in East Liverpool, and if nothing happens, we should WITHIN SIXTY DAYS have either an oil well or a gas well—and it will be a "HUM DINGER" too, and what a boon it will be to the stockholders, and to the citizens in general should we STRIKE A BIG GASSER, like FOSTER & BRENDLE did at McKEESPORT. Now, if we should be fortunate enough to bring in a FIVE HUNDRED BARREL OILER, or a big gas well like some of the big McKEESPORTERS (and we are likely to do it don't forget that) wouldn't it be a blessing to our old town—steady work for our factories during the winter and more prosperity in general for everyone. How would you feel to have an interest, or owned some stock in a company of this kind, and right here at home. Now listen, the men who organized this company, (and they are all old reliable East Liverpool men,) are working mighty hard, and they have faith in the project being successful, and are spending their own money and time to put it across and make it a success for, not only themselves and the stockholders, but for East Liverpool, as every man, woman and child in East Liverpool, and surrounding would benefit more or less if we succeed. Now listen again, we are coming to the point that made it necessary to put this in the paper for you to read. We are "BLAZING THE TRAIL" we are going after the "DEEP STUFF" if these old bills and hollows have it we are going to get it, and if we win, we will WIN BIG. It takes money these days to put down a gas or oil well, and we are coming right out plain and ask you to help us to "BLAZE THE TRAIL" to cooperate with us to make this a success, we want you to buy as much of this stock as you can, we want you to get in on the ground floor, don't wait, or hesitate, do it now, don't wait until the stock is all gone, remember the ones that made the big money in the McKeesport field was the ones that got in FIRST. The CALIFORNIA HOLLOW OIL & GAS CO., is incorporated under the strict BLUE SKY LAWS OF OHIO, now catch this, according to the law of incorporation the STOCKHOLDERS MUST RECEIVE FOURTEEN PER CENT (not less) before the officers or the promoters receive any compensation, so you are positively guaranteed a square deal. We have under lease approximately eight hundred acres, can you imagine what this would mean to you, should we STRIKE A BIG GASSER. This is not a one well proposition, our stock is five dollars a share and forever non-assessable, and entitles you to a pro-rata interest in every well we drill and also in all our leases we have now or may acquire later. Now the vital question is, will your money help drill this well? No doubt you have "passed up" many fine opportunities, WHAT WILL YOU DO WITH THIS ONE? It takes foresight and action to win, ACT NOW.

REMEMBER a one hundred dollar bill, is just a one hundred dollar bill, but one hundred dollars invested in THE CALIFORNIA HOLLOW OIL & GAS CO., may be FIVE THOUSAND DOLLARS in sixty days. Now, Mr. Manufacturer wouldn't you feel mighty good if we opened up a big gas field here at home and you could keep your factories working steady through the winter months, and how about you Mr. Business Man, you surely would be benefited too, and last but not least, you Mr. Operative Potter you would come in for a share of the prosperity that naturally would follow the opening up of either a "BOOM" in OIL or GAS. Our stock is five dollars a share par value, and non-assessable, and what we have to sell we expect to close out within a weeks time. We invite you to POOL YOUR LUCK with us, WILL YOU DO IT? One of our representatives will more than likely call on you for your subscription, and if not, for your convenience fill out the coupon below and mail, or call at our office in the Diamond where we will be glad to serve you, or if more convenient for you, phone and one of our representatives will call on you.

AN OMEN OF SUCCESS.

If precedents have any value, the "front porch" plan of campaigning, which has been adopted by Senator Warren G. Harding, the Republican presidential nominee, is an omen of success. Political history shows that most presidential candidates who decided to conduct their fights from their homes were successful.

Franklin Pierce, who was elected to the White House in 1852, was the first presidential candidate to recognize the fact that more deliberate consideration could be given public questions if they were discussed at home rather than in the excitement of a campaign tour. His opponent, General Winfield Scott, famous the world over and beloved in his own country, made a "swing around the circle" as the Whig nominee.

Four years later, Stephen A. Douglas toured the country in a campaign against Abraham Lincoln. And although Douglas was an able and convincing speaker, he was defeated and Lincoln, who stayed at home, was successful.

Increase Capital Stock.

Stockholders of the S. S. Kresge company authorized an increase in the capital stock of the company from \$12,000,000 to \$22,000,000 by the addition of \$10,000,000 common stock. They also authorized the issue of \$3,000,000 7 per cent serial gold notes. This firm will open a new store in Detroit about October 15 to handle merchandise ranging from 25 cents to \$1.00.

Few New Decal Patterns.

Supply salesmen declare very few new decal patterns will be offered the trade for 1921 use. The reason for this is found in the fact that present patterns are selling well, and that as long as present conditions prevail there is little incentive to get out new designs. Some new patterns will be offered the manufacturers of course, but the volume will be below that of previous years.

Protest is Upheld.

A protest of T. S. Todd & Co., of New York, against the assessment of duty by the collector is upheld in a decision by the board of United States general appraisers. Duty is fixed by the board at the rate of 35 per cent ad valorem under other provisions of the same paragraph.

Clay Sales Corporations Formed.

The English Clay Sales Corporation has been formed in New York with a capital stock of \$500,000. S. Gold-man, of 33 West 24th street, New York city, is the incorporator. The company will import clays for the ceramic and the paper makers' trade.

Will You Help "Blaze the Trail?" An Extraordinary Announcement

Everybody is urged to read the following announcement, and then decide whether you have RED blood in your veins or not.

After some delay THE CALIFORNIA HOLLOW OIL & GAS CO., are now ready for action. By the time you read this the contract will have been signed to drill our first well, A DEEP TEST WELL IN CALIFORNIA HOLLOW, right here in East Liverpool, and if nothing happens, we should WITHIN SIXTY DAYS have either an oil well or a gas well—and it will be a "HUM DINGER" too, and what a boon it will be to the stockholders, and to the citizens in general should we STRIKE A BIG GASSER, like FOSTER & BRENDLE did at McKEESPORT. Now, if we should be fortunate enough to bring in a FIVE HUNDRED BARREL OILER, or a big gas well like some of the big McKEESPORTS (and we are likely to do it don't forget that) wouldn't it be a blessing to our old town—steady work for our factories during the winter and more prosperity in general for everyone. How would you feel to have an interest, or owned some stock in a company of this kind, and right here at home. Now listen, the men who organized this company, (and they are all old reliable East Liverpool men,) are working mighty hard, and they have faith in the project being successful, and are spending their own money and time to put it across and make it a success for, not only themselves and the stockholders, but for East Liverpool, as every man, woman and child in East Liverpool, and surrounding would benefit more or less if we succeed. Now listen again, we are coming to the point that made it necessary to put this in the paper for you to read. We are "BLAZING THE TRAIL" we are going after the "DEEP STUFF" if these old hills and hollows have it we are going to get it, and if we win, we will WIN BIG. It takes money these days to put down a gas or oil well, and we are coming right out plain and ask you to help us to "BLAZE THE TRAIL" to cooperate with us, to make this a success, we want you to buy as much of this stock as you can, we want you to get in on the ground floor, don't wait, or hesitate, do it now, don't wait until the stock is all gone, remember the ones that made the big money in the McKeesport field was the ones that got in FIRST. THE CALIFORNIA HOLLOW OIL & GAS CO., is incorporated under the strict BLUE SKY LAWS OF OHIO, now catch this, according to the law of incorporation the STOCKHOLDERS MUST RECEIVE FOURTEEN PER CENT (not less) before the officers or the promoters receive any compensation, so you are positively guaranteed a square deal. We have under lease approximately eight hundred acres, can you imagine what this would mean to you, should we STRIKE A BIG GASSER. This is not a one well proposition, our stock is five dollars a share and forever non-assessable, and entitles you to a pro-rata interest in every well we drill and also in all our leases we have now or may acquire later. Now the vital question is, will your money help drill this well? No doubt you have "passed up" many fine opportunities, WHAT WILL YOU DO WITH THIS ONE? It takes foresight and action to win, ACT NOW.

REMEMBER a one hundred dollar bill, is just a one hundred dollar bill, but one hundred dollars invested in THE CALIFORNIA HOLLOW OIL & GAS CO., may be FIVE THOUSAND DOLLARS in sixty days. Now, Mr. Manufacturer wouldn't you feel mighty good if we opened up a big gas field here at home and you could keep your factories working steady through the winter months, and how about you Mr. Business Man, you surely would be benefited too, and last but not least, you Mr. Operative Potter you would come in for a share of the prosperity that naturally would follow the opening up of either a "BOOM" in OIL or GAS. Our stock is five dollars a share par value, and non-assessable, and what we have to sell we expect to close out within a weeks time. We invite you to POOL YOUR LUCK with us, WILL YOU DO IT? One of our representatives will more than likely call on you for your subscription, and if not, for your convenience fill out the coupon below and mail, or call at our office in the Diamond where we will be glad to serve you, or if more convenient for you, phone and one of our representatives will call on you.

AN OMEN OF SUCCESS.

If precedents have any value, the "front porch" plan of campaigning, which has been adopted by Senator Warren G. Harding, the Republican presidential nominee, is an omen of success. Political history shows that most presidential candidates who decided to conduct their fights from their homes were successful.

Franklin Pierce, who was elected to the White House in 1852, was the first presidential candidate to recognize the fact that more deliberate consideration could be given public questions if they were discussed at home rather than in the excitement of a campaign tour. His opponent, General Winfield Scott, famous for the world over and beloved in his own country, made a "swing around the circle" as the Whig nominee.

Four years later, Stephen A. Douglas toured the country in a campaign against Abraham Lincoln. And although Douglas was an able and convincing speaker, he was defeated and Lincoln, who stayed at home, was successful.

In 1868, Andrew Johnson's campaign tour failed to win the required number of electoral votes.

General Grant also decided against a stump speech campaign in 1872, while Horace Greeley went direct to the people with his appeal for election to the highest office in the country, but he was defeated.

With a brilliant record as a soldier to attract the people, General Hancock, in 1880, took to the stump in the presidential campaign. General Garfield, the winner in that contest, did not make a tour.

While Grover Cleveland enjoyed a vacation in the North Woods during the 1884 presidential race, his opponent, James Blaine was aboard a special train, making rear platform speeches and appearing as the headliner at rallies throughout the country. On election day, the voters named Cleveland as the next president.

A similar story was told in 1896, when William Jennings Bryan, then at the height of his popularity, and classed as one of the country's brilliant orators, made a tour. William McKinley, Ohio's son, who made the "front porch" campaign famous, remained at his home in Canton, where daily during the campaign he made short addresses and held conferences with delegations who made trips to the Stark county metropolis. And in the election, McKinley defeated Bryan.

The audiences a presidential candidate attracts on a "swing around the circle" are no indication of his strength on election day. In fact, history shows the contrary to be true.

KILL THE RATS.

Vera Cruz, Mexico, is suffering from an epidemic of bubonic plague, and the deadly disease has appeared in some of our own seaports. This disease is carried by rats. The way to get rid of it, and to prevent it in the first place, is to exterminate the rats. For any city afraid of the plague, the problem is thus comparatively simple, though not necessarily easy. Killing rats is simple, but killing all the rats is hard. It can be done only by organized effort, and by supplementing the systematic destruction of the rodents by making buildings as nearly as possible rodent-proof.

Any city that has no great fear of bubonic plague may wage war against the rats for other reasons. The damage they do in addition to their spreading of disease is enough at any time and any place to make their extermination profitable. The extent of damage in the United States is estimated at \$180,000,000 a year.

This estimate is surely moderate. It does not take account of fires caused by rats, and a vast amount of loss traceable to them directly. But the sum is quite big enough as it is to make the rat deservedly unpopular. It would pay the interest on several billions of our national debt. It would build 30,000 homes for homeless families. Applied for a few years, it would provide all the schoolhouses needed. It would enable school boards to pay teachers what they are worth, and thus solve the teacher problem. It would pay for thousands of miles of good road construction every year.

All these objects, and many more, are promoted every time you kill a rat.

SAME OLD GERMANY.

One of the surprising features of the Spa conference has been the frankness with which the German representatives admitted Germany's failure to live up to the terms of the peace treaty. They confessed that there are 1,000,000 armed men in Germany today, whereas the treaty permits only 100,000, and that there are 2,000,000 rifles unaccounted for. They also admitted that there are many thousand machine guns withheld, and 1,500 illicit cannon.

Lloyd George remarks, justly, that it was inconceivable that all these weapons should have been retained against the wish of the German government. There was no denial of failure in various other matters that are believed to lie within the power of the government, particularly the delivery of coal to France and the surrender of war criminals.

The Germans have been talking much lately about the hardships to which they are subjected, and especially their children's need of wholesome food. Living conditions are admittedly bad. But under the circumstances, there would seem to be all the more reason why the German government should keep its word to the Allies and satisfy them of its good intentions. Fair dealing would quickly bring whatever relief lies in the Allies' power. The Allies are justified in refusing to help the German people until Germany shows a disposition to keep its treaty pledges.

Mexico just now is too good to be true, but Germany makes up for it.

NEW YORK LETTER

By O. O. McINTYRE

NEW YORK, July 15.—A page from the diary of a modern Samuel Pepys: Up and my wife chid me for wearing a gaudy scarf and I left in a pretty huff. Bought some things; among others a clock that lights at night and tinkered with it all the morning until it was in ruins.

This day I visited a great new inn which has telephones one may use in the bath and iced water faucets at the bedside. But Lord the cost! And on each floor an apothecary shop, a barber and a library. While walking near the station I saw a man overtake a lass and handed her something which she quickly gave to a man in a patrol wagon at the curb and so mysterious it all was that it worried me all the day.

At a lunch place I came upon D. Byrne, the scrivener, who has finished a new tale and was frolicking. To Greenwich in the afternoon where I rode on the great yacht Sachem, Sir Archie Andrews barque and we went to sea and watched the great boats making ready for the cup races.

In the evening we sat on the deck watching the sky and the water and full of fine thoughts and never was such an appetite raised in me. At midnight we came to land and home by tram and so to bed.

All records for ground and lofty food profiteering are broken at Long Beach just a 25-minute ride from New York and with no attractions to make it expensive except that it happens to be near the ocean.

The menus of the cafes there excite the tear glands instead of the saliva glands. Watermelon is \$1 a slice—I quote from the menu before me—coffee 80 cents a cup and cream 10 cents extra.

A half cantaloupe is \$1.20 and green turtle soup \$1.40. A steak for one is \$3 and for two \$7.50. Ice cream is 50 cents a dish, toast \$1 an order and if served to two \$1.25. It seems a shame the way Captain Kidd and Jesse James have been maligned. They were poor dubs.

Henry L. Doherty, the oil and traction magnate, has filed plans for a home he will build atop one of the three skyscraping office buildings he recently purchased facing Battery Park. It is so arranged that Mr. Doherty will be able to breakfast each morning facing the Statue of Liberty. And he is just exactly one minute walk to his offices.

Bell hopping is not such a profitable occupation as it used to be in the large New York hotels since prohibition. In the old days there were bright faced young ice water hustlers on the early trick when thirsts were terrible who made \$35 a day. Now in hot weather they make about \$8 or \$10.

The first accident has happened to one of the traffic towers on Fifth avenue. These towers are five blocks apart and by a series of lights they direct the cross town and avenue traffic simultaneously. They are 20 feet in the air. The other evening a bibulous gentleman in a stunt roadster was coming down the avenue at a rapid gait. He had his mind on other things apparently for he ran right into one of the towers and it crashed to the street. He turned up a side street with an expression that seemed to say "Goodness, I hit something." Fortunately no one was in the tower as it was after 8 o'clock. The new traffic signaling system, incidentally, has proven a great success. It used to be that it was almost impossible to get down Fifth avenue during the afternoon crush in less than 40 minutes. Now it takes about 10 minutes.

POTTERY NEWS POTTERY IMPORTS ARE UNCERTAIN

Will Be Many Years Before European Ceramics Reach Volume Maintained Previous to War.

By M. K. ZIMMERMAN.

Opinion prevails among the eastern importing jobbers that it will be many years before imports of English, French, German and Austrian ceramics will reach the volume maintained previous to the late war. Department store buyers who visit this market and who also buy imported dinnerware, intimate they have no assurance when deliveries will be made on import orders.

The department store buyers are not anticipating their future requirements in the volume they do domestic dinnerware. Buyers feel they have their finger on the pulse of the American market, but as to the import situation little if any information can be had concerning future deliveries.

Some French china dinnerware is coming through the ports of the east, but the volume is far below the normal of pre-war years. Conditions of those years are not expected to return for from five to ten years hence. Many eastern importing firms have taken on domestic dinnerware and are selling these lines instead of the foreign-made dinnerware.

Therefore, the outlook for the future of the American pottery industry was never brighter, and continued heavy demand is assured.

Increase Capital Stock.

Stockholders of the S. S. Kresge company authorized an increase in the capital stock of the company from \$12,000,000 to \$22,000,000 by the addition of \$10,000,000 common stock. They also authorized the issue of \$3,000,000 7 per cent serial gold notes. This firm will open a new store in Detroit about October 15 to handle merchandise ranging from 25 cents to \$1.00.

Few New Decal Patterns.

Supply salesmen declare very few new decal patterns will be offered the trade for 1921 use. The reason for this is found in the fact that present patterns are selling well, and that as long as present conditions prevail there is little incentive to get out new designs. Some new patterns will be offered the manufacturers of course, but the volume will be below that of previous years.

Protest is Upheld.

Clay Sales Corporations Formed.

The English Clay Sales Corporation has been formed in New York with a capital stock of \$500,000. S. Goldman, of 33 West 24th street, New York city, is the incorporator. The company will import clays for the ceramic and the paper makers' trade.

Are Taking Kindly to Simco Salve and C. T. Larkin or T. R. Ashbaugh are reporting pleased customers.

SIMCO SALVE is immediately active in reducing the soreness of the tender, sensitive lungs of infants or the lungs of sturdy parent alike, thereby reducing the fever.

The magic wonder is that relief comes so quickly. It frees clogged nostrils and inflamed air passages in the head, which inflammation sometimes leads to catarrh and impaired hearing.

SIMCO SALVE is a modern, efficient ointment, active in killing germs, and therefore gets prompt results when used for eczema and other skin troubles; distressing, tortured skin that burns like fire is soothed immediately. Those common, continued ear healings and nose sores are checked by inserting small quantities of SIMCO SALVE.

It is perfectly pliable and is a mighty good modern liniment for all liniment needs.

When you buy SIMCO SALVE what you pay for is satisfaction and that is what we guarantee to you.

Better be prepared at once; go to C. T. Larkin or T. R. Ashbaugh's drug stores today and get a jar. Price 30c, 60c, and \$1.00 per jar. If your druggist does not keep it, send us 35c and the parcel post will bring it to your door by return mail. Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkesburg Station, Pittsburgh, Pa.

Woman's Case

Amazes East Liverpool

A business man's wife could not sew or read without sharp pains in her eyes. For years her eyes were red and weak. Finally she tried simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash. The result produced by a single bottle amazed everyone. We guarantee a small bottle Lavoptik to help ANY CASE where eye is cup FREE. Jesse D. Holloway, druggist.

Heat All Your Home with One Register

When you get out of bed on a bitter cold morning, how much it means to enjoy real warmth throughout your whole house!

And when you come in from the morning chores, what a comfort! Then after a long drive it's royal to get into a house that is warm and cozy.

And it's all so easy—and so economical. For about the price you would spend for heating stoves, that would heat part of your house only, you may have all the house warm, by installing the thoroughly tested and widely known

PIPELESS CALORIC FURNACE

Alexander McBane Honored

Alexander McBane of Prospect street, was re-elected trustee of the grand encampment, I.O.O.F., for a term of three years, at the eighty-first session of the grand encampment and department council, I.O.O.F., which closed in Fremont, Wednesday, July 14.

Next year's encampment will be held in Canton. The annual report showed gains of more than 2,000 members during the last year, the largest in any one year in its history.

There are at present 230 encampments in Ohio. Amendments to the by-laws will permit the initiation of non-beneficial members above the age of 50 into encampments and also permit members living outside of the jurisdiction of their own encampment to vote for grand encampment officers.

A. I. U. Initiation

One hundred and sixty-five new candidates will be initiated at the meeting of East Liverpool chapter No. 45, American Insurance Union, at 8 o'clock this evening.

The unusually large class is the result of a membership campaign which was staged in East Liverpool last month, under the direct supervision of P. A. Lucas, special representative of the home office in Columbus. Miss Maud E. Gill and Edward Reese, local managers, directed the membership teams.

Following the initiation ceremony, a banquet will be served, followed by a special program of musical selections.

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Mulitied cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulitied cocoon oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Lancaster, Pa.—"I was weak and run down, had pains in my head, back and stomach all the time, and bearing down pains. I had used Lydia E. Pinkham's Compound and it helped me, so my mother got me to try it again, and I am now feeling better than I have for years. We were married sixteen years and had no children, but now we have a fine big boy and we always call him our 'Pinkham' boy. The doctor was afraid of my case as I was 41 years old when the boy was born, but I came through all right. You can use this as a testimonial if you wish and I will certainly write to any one who writes to me about it."

Massillon and Allegheny Steel Planning to Stage Nine-Game Series.

CANTON, July 15.—Plans are under way for a nine-game series between the Central Steel of Massillon and the Allegheny Steel of Tarentum, Pa., for interstate semi-pro honors before the close of the present campaign.

About 5,000 spectators were on hand Sunday when the Allegheny aggregation invaded Massillon and nailed a 1-0 victory over the Centralists, breaking a record of 26 consecutive conquests by the westenders. So well balanced were the teams, that the Massillon management immediately opened negotiations with Manager Jack Onslow of the Pennsylvania pack, to extend the series into September by adding five more contests to the

four originally arranged. Onslow now is at work to remake the schedule of the Allegheny team for September so as to provide for the five additional contests with the Ohioans.

That an extension of the series into September would be a welcome move to Starkco baseballers in general and those of Canton and Massillon in particular almost is a self evident fact. Under the head of "games to come," Massillon and Allegheny will meet in Massillon in the second game of the series on August 8, and then the Centralists invade Tarentum for contests on August 21-22. This brings the series to four games, two as hosts and two as guests for each team. The extension would place the outfits in action five times in September, three Sunday days of that month, being used in Massillon, and two Saturdays in Tarentum. By this procedure the interstate semi-pro championship would be definitely settled.

FOLLANSBEE CLUB PLANS CITY BASEBALL LEAGUE

With Follansbee experiencing its best baseball season in years, plans have already been started for a city league these next summer.

The Pastime A. C., practically in charge of the athletic activities in the Brookside county town, has brought about a great revival in baseball putting in the field a club that has been holding its own with the pick of valley organizations.

The Blakey A. C., Heavy Bats, Follansbee Brothers, Galvanizers and the Junior club are prospective members of the new city league. Follansbee now has a new ball park that can be used to good advantage with the advent of the city circuit.

GIRLS! DON'T WORRY ABOUT THAT UGLY LOOKING RASH

A Few Applications of Lanolated Iodine at Night Will Quickly Heal It.

Lanolated Iodine is the ideal method of treating a rough, sore skin. Unlike ordinary tincture of Iodine, it will not stain or blister. Just rub it in and go to bed and in a few days you will wonder where that ugly looking rash or those unsightly pimples have gone. Your skin will soon become smooth and velvety without a single blemish on it.

Don't worry another minute—start this simple treatment today. Go to C. G. Anderson's, Pottery Drug Store, H. O. Wunch, Baird & Son or any other good drug store and ask for a small jar of Lanolated Iodine. Use it tonight. You will surely be pleasantly surprised at the results obtained.

The soothing, healing and antiseptic virtues of Iodine in this ointment are rubbed right in like a vanishing cream, where they quickly absorb the poisonous, dead or diseased tissues, at the same time protecting and soothing the healthy skin.

Massillon and Allegheny Steel Planning to Stage Nine- Game Series.

CANTON, July 15.—Plans are under way for a nine-game series between the Central Steel of Massillon and the Allegheny Steel of Tarentum, Pa., for interstate semi-pro honors before the close of the present campaign.

About 5,000 spectators were on hand Sunday when the Allegheny aggregation invaded Massillon and nailed a 1-0 victory over the Centralists, breaking a record of 26 consecutive conquests by the westenders. So well balanced were the teams, that the Massillon management immediately opened negotiations with Manager Jack Onslow of the Pennsylvania pack, to extend the series into September by adding five more contests to the

four originally arranged. Onslow now is at work to remake the schedule of the Allegheny team for September so as to provide for the five additional contests with the Ohioans.

That an extension of the series into September would be a welcome move to Starkeco baseballers in general and those of Canton and Massillon in particular almost is a self-evident fact. Under the head of "games to come," Massillon and Allegheny will meet in Massillon in the second game of the series on August 8, and then the Centralists invade Tarentum for contests on August 21-22. This brings the series to four games, two as hosts and two as guests for each team. The extension would place the outfits in action five times in September, three Sundays of that month being used in Massillon, and two Saturdays in Tarentum. By this procedure the interstate semi-pro championship would be definitely settled.

Play at New Comerstown Saturday and Coshocton Sunday—Mountford Back.

With the return of Frank Mountford to the fold, Manager Shel Pyle today felt exceedingly optimistic as to the results of the Independents' two week end games.

The Independents will play in New Comerstown tomorrow and Sunday will continue on to Coshocton for the Sunday engagement. Newell defeated New Comerstown several weeks ago when Dickey's team attempted a similar trip. The second game was not played on account of rain. Both clubs, although seldom mingling with the valley performers, are rated among the leaders in the semi-pro class in the district.

Mountford, who played football with the Veterans of Foreign Wars here last fall and was also a member of the city league and catcher for the independent club, has returned here from near Syracuse, N. Y., where he has been employed in a pottery. Mountford has signed with the Independents and, according to Manager Pyle, will be stationed at the initial point. Mundy, who has been playing

BEGIN WORK ON COAL UNLOADING APPARATUS

The Homer Laughlin China company has a large force of men at work this week installing the coal unloading apparatus which will be placed in operation here this winter as a means of eliminating a fuel shortage.

The coal will be unloaded from the cars by means of equipment which is being installed just east of the No. 5 clay shops. The coal at this point can be stored in an empty lot and used as required. Overhead conveyors are being installed to connect the kilns of both departments. These conveyors will carry coal directly to the kiln, where it will be burned in special burners which will be installed in all the kilns.

The second contest of the series of games between the Newell Hy-Kys and the Georgetown Independents will be played at Newell Friday evening of this week.

The fact that the locals only managed to give the Georgetown boys a 4 to 3 defeat Tuesday evening in the initial game on the Georgetown lot is an indication that the Friday game will be a fast one.

The game will be called at 6 o'clock.

G. O. P. Committee Meeting.

The Republican state executive committee will hold a meeting in Parkersburg Tuesday, July 20, according to word received from State Chairman W. E. Baker of Elkins.

Among the matters expected to be brought up for consideration will be the organization of the new state committee and the selection of Republican state headquarters.

Missionary Society Meeting.

BEGIN WORK ON COAL UNLOADING APPARATUS

The Homer Laughlin China company has a large force of men at work this week installing the coal unloading apparatus which will be placed in operation here this winter as a means of eliminating a fuel shortage.

The coal will be unloaded from the cars by means of equipment which is being installed just east of the No. 5 clay shops. The coal at this point can be stored in an empty lot and used as required. Overhead conveyors are being installed to connect the kilnsheds of both departments. These conveyors will carry coal directly to the kiln, where it will be burned in special burners which will be installed in all the kilns.

GEORGETOWN TEAM TO PLAY HERE FRIDAY

The second contest of the series of games between the Newell Hy-Kys and the Georgetown Independents will be played at Newell Friday evening of this week.

The fact that the locals only managed to give the Georgetown boys a 4 to 3 defeat Tuesday evening in the initial game on the Georgetown lot is an indication that the Friday game will be a fast one.

The game will be called at 6 o'clock.

G. O. P. Committee Meeting.

The Republican state executive committee will hold a meeting in Parkersburg Tuesday, July 20, according to word received from State Chairman W. E. Baker of Elkins.

The matters expected to be brought up for consideration will be the organization of the new state committee and the selection of Republican state headquarters.

Missionary Society Meeting.

The regular monthly meeting of the Aid and Missionary society of the First Presbyterian church will be held in the church parlors at 7:30 o'clock next Tuesday evening.

Mrs. Homer Graham is the appointed leader of the meeting. Mrs. Ellsworth Hamilton will read a paper in which she will discuss "Orientals in the United States."

Following the business meeting there will be a social hour, during which a committee will serve refreshments. Hostesses for the occasion include Mesdames J. A. Reed and C. B. Reed.

To Hear Rate Increase Request.

Hearing on the application of the Hancock Electric company to increase its power rates to local consumers will be held before the public service commission during the latter part of this month, according to word from Charleston.

More than a dozen applications of various public utilities concerns asking increased rates are being heard by the public service commission at this time. The Brooks Electric company and the Wellsburg Electric company are other concerns seeking increased rates.

INCREASE

This figure represents the
increase of 1918 over 1917 in
loss by fires set by burning
scraps and live sparks blown
from nearby burning build-
ings.

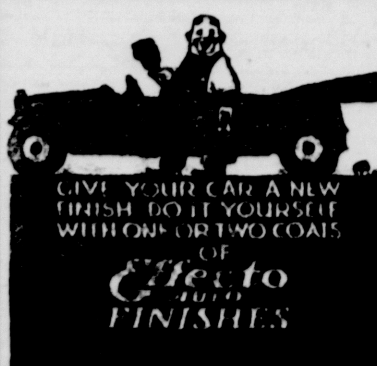

Can you assure yourself
that the same damage and de-
struction cannot come to you?
The only safe way is to cover

MARY PICKFORD IN "SUDS"

The tale of a Shirt. Mary Pickford in the role of Amanda Afflick, a poor woe begone laundry drudge portrays the greatest piece of character acting on the screen today.

FRIDAY AND SATURDAY

OWEN MOORE in the "DESPERATE HERO"

A merry, mirthful comedy-drama in which love and romance arrive in a "Flivver" and leave in a luxurious limousine. A gale of laughter, a touch of romance, a sure cure for the blues. Just one long laugh.
